

Remote Registration Steps

On the following 2015MY IS¹, ES(h)², GS(h), LS(h), RC(F), NX(h)² successful registration of this process activates **Lexus Enform Remote**.

- The all-new available Remote mobile app enables you to monitor and control many features in your Lexus using only your compatible smartphone.

¹Excludes Lexus IS C

²On the Lexus ES(h), NX(h) Enform Remote is only available with factory installed navigation

Download Enform Remote app from Google Play, or the App Store.

Follow the prompts with-in the app. Registration in the App requires:

1. Enter Lexus Drivers Credentials **(See note below)**
2. Accept Terms & Conditions
3. Create Account
4. Create a PIN
5. Add Vehicle

To add a vehicle, enter the VIN manually or scan the VIN Barcode from vehicle, and click validate.

Do you have an Authorization Code?

If "YES", then enter Authorization Code you received via email and click continue to begin enjoying the App

If "No", then push the SOS button in your vehicle. An Enform Response agent confirms Safety Connect enrollment and links vehicle to Enform Remote username. Then refresh the app (logging in or out or clicking "back" twice).

If all previous steps completed successfully, the Home Screen will appear and the user can begin using the App.

Congratulations, you are now registered for Remote and Safety Connect!

NOTE: A customer should register using their existing Lexus Drivers account credentials. If the user knows they have a Lexus Drivers account but forgot user ID or Password, select "Forgot user ID or Password" to retrieve account information. If no Lexus Drivers account exists, creating an account with in the Remote App will establish a Lexus Drivers account..
