

THE LEXUS GS 450h

Optional equipment shown.

What it does in 5.2 seconds is impressive. What it can do over 5.2 generations is essential. As the world's first high-performance hybrid, the GS 450h offers definitive proof that even the most thrilling automobile can simultaneously respect environmental demands and promote a wiser use of resources. With a 0-to-60 time of just 5.2 seconds,^{3,4} it is faster than many conventionally powered V8 sedans yet is efficient enough to meet the rigorous requirements to be certified a Super Ultra-Low Emission Vehicle (SULEV).

^{3,4}See page 18 for more information.
