

2008 LEXUS IS Performance

Optional equipment shown.

IN THE IS, POWER, AGILITY AND SPEED ALL CONVERGE TO CREATE A DYNAMIC PERFORMANCE EXPERIENCE. With a 306-horsepower¹ V6 engine, the IS 350 utilizes technologically advanced systems like direct injection and dual Variable Valve Timing with intelligence (VVT-i) that help it achieve optimal performance. An Electronic Throttle Control System with intelligence (ETCS-i) provides more precise command of engine power. Available sport-tuned suspension* helps maintain wheel alignment and supplies more confident handling and tire grip. Rear-wheel drive and available all-wheel drive (AWD) (IS 250 only) help enhance control. And shouldering all this athleticism are available 18-inch wheels² and road-hugging, high-performance tires.*

^{1,2} See page 18 for more information.

*RWD only.
