INTRODUCING THE NEW 2013 RX LINE

As the very first luxury crossover, the Lexus RX invented a language of its own. With its innovative approach to design, safety and utility, the RX interpreted the needs of discerning drivers into a new expression of luxury. For 2013, Lexus continues to evolve the RX, adding the all-new performance-oriented RX F SPORT to a model line that includes the RX 350 and the RX 450h, the latest iteration of the world’s first luxury hybrid. And with the new available Enform™ App Suite, the Lexus RX takes information to a new level of seamless connectivity.

Three models. One DEFINITIVE statement

RX 350
Luxury and style, meet performance and versatility. The RX 350 features a 270-hp, 3.5-liter V6, dual Variable Valve Timing with intelligence (VVT-i) and a six-speed Electronically Controlled Transmission with intelligence (ECT-i). Available with full-time all-wheel drive.

RX 350 F SPORT
The F SPORT comes to the RX line. A bolder look inside and out, backed by performance enhancements like an eight-speed Electronically Controlled Transmission with intelligence (ECT-i) and paddle shifters, standard all-wheel drive and suspension tuned for precise response.

RX 450h
The efficiency and low emissions of a high-output electric-drive motor. An Atkinson cycle 3.5-liter V6 and an Electronically controlled Continuously Variable Transmission with intelligence (ECVT-i) yield 295 total system horsepower. Available with all-wheel drive.

Vehicles shown with optional equipment.
Open the door of the RX 350 F SPORT, and you enter a cabin in which design details amp up the performance attitude. Your eyes scan the special accents, and seating surfaces covered in F SPORT black leather with white perforations and contrasting stitching.

With its 270-hp V6, the RX already had a bit of a performance bent. The F SPORT just twisted it a bit more. F SPORT engineering adds firmer shocks and lateral performance dampers tuned to give the driver more immediate handling feedback.

Behind the aggressively styled F SPORT mesh grille is a potent 3.5-liter V6 mated to an eight-speed Electronically Controlled Transmission with intelligence (ECT-i) and paddle shifters that allow you to upshift and downshift with ease. Behind the F SPORT 19-inch alloy wheels with Dark Graphite finish, the RX suspension system has been tuned to performance specs. And behind the F SPORT name is the inspiration of Fuji Speedway, the legendary racetrack where Lexus engineers pursue higher levels of precision.
SEARCH, STREAM, SHOP

The available Lexus Enform App Suite uses your compatible smartphone to give you in-vehicle access to your favorite mobile applications. You can connect to Bing™, Pandora®, Yelp® and Facebook Places. And with wireless updates, new apps will be added as they become available. Learn more at lexus.com/RX/enform.

REMOTE TOUCH

The available Remote Touch device sits where your hand naturally rests—just glide it and it functions like a computer mouse. Use it to control available Navigation System functions, climate-control settings, the performance of the available 15-speaker Mark Levinson® Audio System® and the new Lexus Enform App Suite—the most connected information and communication technology available in an automobile.

DESTINATION

Enter destinations into your available Lexus Navigation System—without being anywhere near your RX. Use your computer or smartphone to save up to 200 destinations and organize them into up to 20 folders. Once your destinations are saved, you can add notes to each destination and send them wirelessly to the Navigation System in your RX.

To help you get the most out of your Lexus, our associates will gladly assist you with pairing your mobile devices and programming your personalized settings.

ADVANCED TECHNOLOGIES

It’s not enough for a luxury vehicle to surround its passengers in available leather and wood trim—though the RX does so elegantly. In the new 2013 RX, you’ll find advanced technologies that go beyond its state-of-the-art information capabilities. The available Blind Spot Monitor helps detect adjacent vehicles, and the Heads-up Display is designed to help you stay focused on the road.
The RX Hybrid

The original RX 450h proved that technology and optimism can change how luxury is perceived. Now, the first luxury hybrid is once again changing the way the world looks at Lexus. For 2013, the redesigned RX 450h projects a more assertive attitude. Just how bold is up to you—a new Sport Appearance Package is available on the RX 450h. With it come many of the visual cues found on our new RX F SPORT, including the F SPORT lower grille and F SPORT wheels. Offering performance to match its F SPORT guise, the RX 450h is the first hybrid vehicle to feature Intelligent Shift Control, a system that can estimate whether you are traveling uphill or downhill and automatically provide the optimal engine response. Or, the driver can manually shift to help provide greater responsiveness and maneuverability coming out of corners.

EXHAUST HEAT-RECOVERY SYSTEM

Exhaust gas is an inevitable byproduct of combustion. The RX 450h, however, captures, cools and reuses it with an Exhaust Gas Recirculation system, reducing emissions and providing best-in-class fuel economy. A portion of these gases are used to warm up the engine, significantly shortening—by up to 35 minutes in extreme cold—the time it takes the RX to reach a temperature at which it can function on battery power alone.

POWER, USED WISELY

The gasoline engine on the RXh is able to convert more of the energy generated during combustion into mechanical energy than conventional engines. The innovative system contributes to low emissions and enhanced fuel efficiency. When in ECO mode, fuel efficiency is increased by automatically optimizing multiple systems to consume less energy and regulating the throttle response for more even acceleration.

THE RX HYBRID

The original RX 450h proved that technology and optimism can change how luxury is perceived. Now, the first luxury hybrid is once again changing the way the world looks at Lexus. For 2013, the redesigned RX 450h projects a more assertive attitude. Just how bold is up to you—a new Sport Appearance Package is available on the RX 450h. With it come many of the visual cues found on our new RX F SPORT, including the F SPORT lower grille and F SPORT wheels. Offering performance to match its F SPORT guise, the RX 450h is the first hybrid vehicle to feature Intelligent Shift Control, a system that can estimate whether you are traveling uphill or downhill and automatically provide the optimal engine response. Or, the driver can manually shift to help provide greater responsiveness and maneuverability coming out of corners.
Active Torque Control AWD

In addition to the standard two-wheel drive versions, the RX 350 and RX 450h are also available as all-wheel drive models. On the RX 350 AWD, an Active Torque Control all-wheel drive (AWD) system efficiently manages the relationship of the RX to the road during normal traction conditions. It sends 100% of the engine’s power to the front wheels. But if sensors detect a loss of grip, it will automatically reallocate up to 50% of the power from the front wheels to the rear wheels to help maintain traction. It’s so advanced, in fact, that it’s designed to predict your intended path around a turn and proactively distribute torque to the rear wheels to help keep you on your intended path.

The RX can even sense if the wheels are braking on different surfaces—a wet road on the left and an icy shoulder on the right, for instance—and add steering torque to either side to help the driver account for the difference. For a demonstration, please visit lexus.com/RX/VDIM.

Vehicle Dynamics Integrated Management (VDIM)

AWD isn’t the only traction technology offered on the RX. Utilizing a network of sensors that monitor everything from speed, to steering, to braking, the available Vehicle Dynamics Integrated Management (VDIM) system can anticipate a loss of traction and help correct it before it occurs. All within a fraction of a second.
At Lexus, our approach to safety is about more than just airbags—though you’ll find a class-leading 10 of them on the 2013 RX. It’s about pursuing safety from every perspective—before, during and after an accident. Which is why the RX offers 21 Active Safety features, including Smart Stop Technology and the available Blind Spot Monitor. And the available Pre-Collision System uses radar to “sense” the potential of an imminent frontal impact and automatically retracts the front seat belts while preparing Brake Assist to help you stop faster. If an impact does occur, you’re protected not only by a 10-airbag system, but active front headrests that can move upward and forward in the event of certain types of rear-end collisions to help prevent whiplash.

SAFETY CONNECT®

In case of a collision, breached tire or other emergency on the road, the RX’s high technology system of Safety Connect®—Lexus’ standard on-board safety and security services—enables the vehicle to alert emergency response services by automatically sending your GPS location to the 24-hour Safety Connect® response center.

BLIND SPOT MONITOR

Using radar technology, the available Blind Spot Monitor is designed to detect vehicles positioned in the adjacent lanes. At speeds above 20 mph, if a vehicle is detected, the driver is notified by an illuminated icon in the outer mirror on the affected side.

10 AIRBAGS

The RX includes front seat-mounted side airbags, driver’s and front passenger’s dual-stage front airbags, front and rear rollover-sensing side curtain airbags plus a driver’s and front passenger’s knee airbag as part of the 10-airbag supplemental restraint system.

OPTION PACKAGES

- **PREMIUM PACKAGE**
  Perfomated leather-trimmed interior • Lexus Memory System to control power driver’s seat (except lumbar) • outside mirror and steering wheel • Rear-座位 compartment with cover • Power tilt-and-slide moonroof with one-touch open/close and sliding sunscreen • Power-folded electronically (auto-dimming) rear view mirrors • Rearview camera • Wireless headphones

- **PREMIUM PACKAGE WITH BLIND SPOT MONITOR**
  Includes all Premium Package equipment plus: Blind Spot Monitor

- **COMFORT PACKAGE**
  Heated and ventilated front seats • High-Intensity Discharge (HID) headlamps with dynamic auto-levelling • Rain-sensing intermittent windshield wipers with mist cycle

- **LUXURY PACKAGE ( RX, RXh AWD)**
  Includes all Premium Package equipment plus: Semi-aniline leather-trimmed interior • Heated wood- and leather-trimmed steering wheel and shift knob • Front-seat power cushion extenders • LED-illuminated front door panels • Headlamp washers • 19 x 7.5-inch split-five-spoke alloy wheels with 235/55VR19 all-season tires • Smog-sensing automatic air-conditioning mode for climate-control system • LED headlamps with dynamic auto-levelling • Heated rear window • 19 x 7.5-inch split-five-spoke alloy wheels with 235/55VR19 all-season tires • Intuitive park assist • Intuitive park assist

- **LUXURY PACKAGE WITH BLIND SPOT MONITOR**
  Includes all Luxury Package equipment plus: Blind Spot Monitor

- **NAVIGATION PACKAGE**
  Navigation System • Remote Touch device • Voice command • High-resolution color LCD display • Integrated wide-view backup camera • Enhanced Bluetooth technology • SMS Text-to-Speech with Reply • Compatible mobile phone integration • Lexus Enform with Destination Assist and Emergency Communication Subscription required: One-year trial subscription included • Lexus Enform Application Suite with Brx, iHeartRadio, MovieTickets.com, OpenTable, Pandora, iHeartRadio, MovieTickets.com, OpenTable, Pandora

- **SPORT PACKAGE**
  Includes all Premium Package equipment plus: All-wheel drive • Eight-speed automatic electronically controlled transmission with intelligence (ECT-i) • paddle shifters and manual mode • F SPORT 19-inch split-five-spoke alloy wheels with Dark Graphite finish and 235/55VR19 all-season tires • F SPORT front bumper and upper grille & lower grille inserts • F SPORT suspension tuning with lateral performance dampers • VDIM • Black leather interior trim with white perforations and contrasting stitching • Black headliner • Heavy-duty alternator and radiator • Transmission cooler

SPORT APPEARANCE PACKAGE ( RX FWD, RXh FWD)
  - F SPORT front bumper and lower grille insert • F SPORT 19-inch split-five-spoke alloy wheels with Superchrome finish and 235/55VR19 all-season tires

REAR-SEAT ENTERTAINMENT/NAVIGATION SYSTEM PACKAGE
  Includes all Navigation Package equipment, plus: High-resolution LED dual-screen Xbox Rear Seat Entertainment System ( RX, RXh ) • Single-disc DVD/CD player • Wireless headsets • Audio/video inputs • Two-proong 120-Volt AC power outlet

LEXUS DISPLAY AUDIO/BACKUP CAMERA PACKAGE
  7-inch color LCD multi-information display • Backup camera • Center-console controller • Lexus 12-Speaker Premium Sound System • Single-disc CD player • HD Radio • Digital signal technology including Live Ambient for improved audio performance • SMS Text-to-Speech with Reply

TOWING PREP PACKAGE ( RX, RXh AWD)
  Heavy-duty alternator and radiator • Transmission cooler

OPTIONS AND ACCESSORIES

Mark Levinson® 15-speaker 330-watt audio system with Auto-Sound Levelizer (ASL). 7.1 architecture and single-disc DVD/CD player with DVD-audio and DVD-video playback • 12-speaker Lexus Premium Sound System with single-disc DVD/CD player • Heads-Up Display • Wooden and leather-trimmed steering wheel and shift knob • Heated and ventilated front seats with perforated leather trim • High-Intensity Discharge (HID) headlamps with dynamic auto-levelling • LED headlamps with dynamic auto-levelling (RX, RXh) • TRD triple-split five-spoke alloy wheels with 235/55VR19 all-season tires • Intuitive Park Assist • Pre-Collision System™ (PCS) with Dynamic Radar Cruise Control™ • Two-proong 120-Volt AC power outlet

Alloy wheel styles • All-weather cargo mat • All-weather floor mat • Ashtray cup • Body side moldings • Cargo net • envelope • Cargo net • carpet • Carpet mat • Door edge guards • First aid kit • Glass breakage sensor • Key globe • Mudguards • Pack protection film • Remote engine starter • Roof rack cross bars (not available on RXh FWD) • Tow package • Bowling equipment • ball mount (not available on RXh FWD, RX F SPORT) • Tow package • Wiring equipment • towing receiver hitch (not available on RXh FWD, RX F SPORT) • Tow package • trailer ball (not available on RXh FWD, RX F SPORT) • Wireless headsets

STANDARD LUXURY FEATURES

LEXUS RX • Luxury and convenience • SmartKey™ with push-button Start• and touch-screen controls on exterior door handle • Power rear door • Dual-zone automatic climate control with interior air filter • Power windows with one-touch auto open/close feature • Remote-linked opening for windows and available rear sunroof • Power tilt-and-telescoping steering column • Power door locks • Cruise control

SEATING AND TRIM

ESPRESSO BIRD’S-EYE MAPLE • Ebony bird’s-eye maple • Black leather interior trim with white perforations and contrasting stitching • Black headliner • Heavy-duty alternator and radiator • Transmission cooler

SAFETY AND SECURITY FEATURES

ACTIVE SAFETY

Vehicle Dynamics Integrated Management (VDIM™) with yaw control switch (RX, RX F SPORT) • Vehicle Stability Control (VSC™) with yaw control switch (RX) • Traction Control (TRAC™) • Electronic Throttle Control (ECT-i) • Four-wheel power-assisted disc brakes with four-sensor, four-channel Anti-lock Braking System (ABS) with Brake Assist and Electronic Brakeforce Distribution (EBD) • LED daytime running lights • Smart Key Technology

PASSIVE SAFETY

Driver and front passenger’s airbagchild airbag (side-impact) • Front and rear seat-mounted side airbags (side-impact) • Driver’s and front passenger’s knee airbag (side-impact) • Front and rear Side Sensing Curtain Airbags (RSSCA™) • Active front headlightswashers • Three-point seatbelts for all seating positions; pre-tensioners with force limiters for front and outboard rear seats

SECURITY

Safety Connect® offers Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance services. Subscription required: One-year trial subscription included • Vehicle theft-deterrent and engine-immobilizer system

**WARRANTY**

1. Contact with the Lexus Enform and/or Safety Connect response center is dependent upon the telematics device being in operative condition, cellular connection availability, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency support. Enform and Telematics Subscription Service Agreement required. 10. Enform is a trademark of Toyota Motor Corporation based on Lexus Enform, Toyota, and Smart Key technology, operated only by subscription term selected. 2. Lexus Enform premium services Destination Assist and eDestination will function in the contiguous United States. These services may also function in Hawaii and limited areas of Alaska for vehicles that contain map data for those states. They will not function in Canada or in other countries outside the United States. 3. Always be sure to obey traffic regulations, maintain awareness of your surroundings and all road and traffic conditions. Select Enform apps use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier. Not all apps and data services are available initially. Apps identified by "®" or "™" are trademarks or registered trademarks of their respective companies and cannot be used without permission. See lexus.com for the latest information regarding apps and service. The Bluetooth word mark is a registered trademark of the Bluetooth SIG. Features and capabilities vary by phone. 4. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 5. The RX 450h is not designed to be driven off-road. 6. 18-in- or 19-in-performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 15,000 miles, depending upon driving conditions. 7. Always be sure to obey traffic regulations, maintain awareness of your surroundings and all road and traffic conditions. Select apps use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier. 8. Daily use of Pandora or iHeartRadio may have an impact on your cellular data plan. It is estimated that one hour of streaming Pandora or iHeartRadio consumes roughly 1-2MB of cellular data. In third-party applications, Bing, MovieTickets.com and OpenTable, are expected to consume a negligible amount of data. You can take a look at the data calculators provided on your cellular carrier’s website or speak with your wireless carrier to understand what data plans would fit you the best. PANDORA®, the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. 9. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by the Navigation System or any SiriusXM services mentioned (if installed) are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or area. CDMA NAVIGON, you Navigon switch or bring in your Enform device to your local Lexus dealership to check for current availability or the possibility of placing a special order. You can also contact your local Yellow Pages or by contacting www.aol.com. 28. iPod and iPhone are registered trademarks of Apple Inc. All rights reserved. 29. Active front headrests can help reduce the severity of whiplash in certain types of rear-end collisions. 30. Coverage only available in the continental U.S. and Canada. Please see your Lexus dealer for details. 31. Root rack capacity is 150 lbs. See Owner's Manual for details. 32. Acetate, soft-rack (with softs) is not recommended for luggage. 33. The backup camera is designed to assist you while driving. 34. Bluetooth technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks is subject to permission under the terms of an agreement with Bluetooth SIG, Inc. 35. No Safety Connect services will function outside of the United States in countries other than Canada. 36. Lexus Enform premium services Destination Assist and eDestination will function in the contiguous United States. These services may also function in Hawaii and limited areas of Alaska for vehicles that contain map data for those states. They will not function in Canada or in other countries outside the United States.
