- Purchase and/or installation of qualifying adaptive mobility equipment
- Vehicle conversion required for wheelchair accessibility. This offer applies only to new and/or wheelchair-accessible converted mobility vehicles with less than 799 miles.

Refer to the attached guidelines and reimbursement application form for detailed requirements; maximum \$1,000 per vehicle ID number (VIN).

#### ■ **Comprehensive Mobility Resource Information**

#### ■ **Lexus Financial Services<sup>†</sup> Mobility Financing**

Available upon credit approval, through Lexus Financial Services and participating Lexus dealers. Provides flexible, extended-term financing for persons with physical disabilities or their families, for purchasing a **new** Lexus vehicle with the installed adaptive equipment (including installation costs). Please contact your local participating Lexus dealer for details.

### A PROVEN PROCESS FOR GAINING FREEDOM ON THE ROAD

Lexus supports the U.S. Department of Transportation's recommended process, which is detailed in the brochure "Adapting Motor Vehicles for People with Disabilities." Copies are available by calling (888) 327-4236 or at [www.nhtsa.gov](http://www.nhtsa.gov). The process includes these steps:

#### 1. **Determine your state's driver's license requirements**

#### 2. **Evaluate your needs**

Contact a mobility equipment dealer in your area to identify the adaptive equipment most suited to your needs.

#### 3. **Select the right vehicle**

Consult with your evaluator, an adaptive equipment installer and your local Lexus dealer to determine the best Lexus model to meet your needs.

#### 4. **Choose a qualified mobility equipment installer**

Shop around and ask about qualifications, capabilities, experience, warranty coverage and service. Confirm they are members of the National Mobility Equipment Dealers Association (NMEDA) or another organization that has established vehicle conversion standards.

#### 5. **Obtain training on the use of the new equipment**

When this process is complete, follow the guidelines and complete and submit the attached application for assistance to recover up to \$1,000 of the cost of your adaptive equipment and/or conversion.

**\* Subject to advance written lessor approval. Note: Not all leasing companies will approve the installation of adaptive equipment, so be sure to check and obtain written approval first.**
