

15 | GS

GS 350

306-hp¹, 3.5-liter V6. Eight-speed automatic transmission with paddle shifters or six-speed (AWD). Drive Mode Select and Remote Touch² with color multimedia display and backup camera.³ Available in RWD or AWD.

GS 350 F SPORT

Exclusive interior and exterior styling. Performance upgrades include sport-tuned Adaptive Variable Suspension and Variable Gear-Ratio Steering with available Dynamic Rear Steering (RWD). Available in RWD or AWD.

GS 450h

338-hp¹ (total system horsepower), 3.5-liter Atkinson-cycle V6 paired with Lexus Hybrid Drive. Adaptive Variable Suspension, sustainable Matte Bamboo interior trim and lower rear valance with concealed exhaust.

GS 450h F SPORT

New for 2015, with exclusive interior and exterior styling. Performance upgrades include sport-tuned Adaptive Variable Suspension and Variable Gear-Ratio Steering with available Dynamic Rear Steering.

DRIVE AGAINST
THE GRAIN.

INTRODUCING
THE 2015 LEXUS GS

“WITH SHARP HANDLING AND STEERING, THE LATEST GS IS EVERY BIT AS CAPABLE AS RIVAL GERMAN-BRAND LUXURY SPORT SEDANS ON A WINDING ROAD.”

—Edmunds.com, December 2013

F SPORT PERFORMANCE

The iconic F SPORT grille and aggressive front fascia may be the first elements that make your presence felt, but they won't be the last. Exclusive performance upgrades and a track-honed suspension tuned by the team behind the LFA supercar help forge an unprecedented connection to the road. The GS also offers Dynamic Rear Steering, which turns the wheels in the same or opposing directions (depending on speed) to help provide optimal agility.

F SPORT DESIGN

Inside the GS F SPORT, a 16-way power-adjustable sport driver's seat with power side bolsters, four-way lumbar and added thigh support hugs your body the way the vehicle hugs curves. It's an intense connection, made even stronger with the F SPORT-badged steering wheel and shift knob trimmed in perforated leather, and aluminum sport pedals.

GS HYBRID

The GS is, above all else, a performance vehicle. And the GS Hybrid is most certainly not the exception to that rule. Boasting 338 total system horsepower,¹ an Adaptive Variable Suspension and the efficiency of a hybrid, it offers an impressive 34-mpg⁴ highway rating and rockets from 0 to 60 in a mere 5.6 seconds.^{1,5} In addition to exclusive styling, the new GSh F SPORT adds Variable Gear-Ratio Steering and available Lexus Dynamic Handling with Dynamic Rear Steering, ensuring that performance remains a top priority.

OUR TEST TRACK WAS A MILLION MILES LONG.

Lexus engineers traveled the equivalent of 26 times around the Earth—from the ice-covered streets of Moscow to the extreme heat of Death Valley—all to develop the precise driving feel and responsiveness of the GS, no matter the conditions. Strap yourself in and carve through that first turn, and you'll quickly discover it was worth every inch.

While the exterior styling screams performance, the interior beckons with comfort and innovation. Seductive ambient lighting envelops you, while an available Climate Concierge system caters to individualized comfort, with everything from atmospheric air control to available heated and ventilated front seats. And on the GS equipped with Luxury Package, the 18-way power front seats are nothing short of an ergonomic masterpiece.

MILES AHEAD BY EVERY MEASURE.

VARIABLE DRIVING MODES

Drive Mode Select's Sport S mode alters the powertrain for faster gear changes and more dynamic throttle response. The available Sport S+ mode also tightens the suspension and increases steering response. In ECO mode, the throttle response and engine power output are moderated for increased fuel efficiency. And in EV mode,⁶ the GS Hybrid can be driven for short distances at low speeds on battery power alone.

REAR-SEAT CONTROLS AND REAR SUNSHADE

Innovation hasn't been limited to the driver. Available rear-seat controls offer passengers the convenience of operating the audio system, rear-seat climate zone and heated outboard seats. Additionally, to help reduce unwanted glare, the GS offers manual rear side-window sunshades and a power rear sunshade that can be operated at the push of a button.

EXCEPTIONAL HANDLING

The F SPORT's exclusively available Lexus Dynamic Handling system coordinates Variable Gear-Ratio Steering and Dynamic Rear Steering (available on GS 350 RWD, required on GSh) to help deliver the ideal handling behavior in virtually any situation. This, in turn, provides you with an unparalleled connection to the road. Performance is further enhanced by the Adaptive Variable Suspension and aggressive staggered-width 19-inch wheels.⁷

INNOVATIVE TECHNOLOGY

To help keep you more aware of what's around you, the available full-color Heads-up Display can project key information onto the windshield. Simple navigation directions, audio information, vehicle speed, current gear and tachometer are within your natural line of sight. An available Blind Spot Monitor⁸ warns you of vehicles that are approaching or positioned in adjacent lanes. And with cruise control on, available Lane Keep Assist⁹ is designed to steer the vehicle back toward the center of the lane if you begin to veer.

LEXUS ENFORM REMOTE

The new available Lexus Enform Remote¹⁰ mobile app can remotely start the engine, lock and unlock doors, check the status of doors and windows as well as your fuel level, and can help find your vehicle's location in a parking lot. And, should you loan your GS to another driver, you can receive instant alerts if, for example, a preset speed or mile limit is exceeded. Lexus Enform Remote¹⁰ is complimentary for the first year of ownership. *Learn more at lexus.com/enform.*

ADVANCED CONNECTIVITY

The innovative Siri[®] Eyes Free¹¹ connects with your compatible iPhone,¹² enabling you to access e-mail, send text messages and more. In addition, to help you make the most of your travel, our industry-first subscription-free traffic and weather service¹³ offers real-time updates of changing conditions via HD Radio.^{TM13} *Learn more at lexus.com/enform.*

MULTI-DIMENSIONAL AUDIO

Imagine a system so advanced it surrounds you with three-dimensional sound while accounting for the volume and tone of unwanted ambient noise. This is the available 835-watt, 17-speaker Mark Levinson[®] Premium Surround Sound Audio System.¹⁴ An audio experience that more closely resembles a concert hall than an automobile, immersing the cabin in sound quality that was once reserved for six-figure home-audio systems.

INTERIOR DESIGN

Offering an assortment of design options, your GS can be as individual as it is invigorating. Choose between multiple leather trim options, from a timeless Black to a bold Cabernet. Four types of decorative accents from Linear Espresso wood to Striated Aluminum. And on the GSh, exclusive Matte Bamboo trim graces the interior.

306 HORSEPOWER¹

With more standard horsepower than its German competitors¹⁵ and an eight-speed automatic transmission with paddle shifters (RWD), the GS takes driver engagement to new heights.

A. Black leather interior with Matte Bamboo trim **B.** Available Mark Levinson Premium Surround Sound Audio System¹⁴ **C.** 3.5-in color TFT multi-information display and electroluminescent instrumentation **D.** GS F SPORT Drive Mode Select **E.** Ambient lighting **F.** GS F SPORT race-inspired aluminum pedals

G. Available power rear sunshade **H.** Remote Touch² controller **I.** Available rear-seat climate and audio controls **J.** Contrast stitching **K.** Available color Heads-up Display **L.** Available rear spoiler. For a complete list of Genuine Lexus Accessories, visit lexus.com/GS/accessories

ALL-WEATHER DRIVE

By monitoring current driving conditions, available all-wheel drive automatically allocates engine power between the front and rear wheels from a rear-biased 30/70 (front/rear) torque split to 50/50, depending on conditions. This can provide enhanced traction and control on a wide range of road surfaces and in inclement weather.

SERVICES AS INNOVATIVE AS THE GS ITSELF.

THE LEXUS DELIVERY AND TECHNOLOGY SPECIALISTS. To assist you in getting the most out of your GS, the Lexus Delivery Specialist will conduct a personalized delivery focused on every feature, setting and function you desire. To answer questions that arise after delivery, the Lexus Technology Specialist can offer expert guidance in person or without you ever leaving the driveway, via camera-enabled iPad®¹² apps like FaceTime.®³⁰ Learn more about our Lexus Delivery and Technology Specialist services at lexus.com/specialists.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *GS Warranty and Services Guide* at your Lexus dealer for details. **DISCLOSURES** **1.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **2.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. **3.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather may limit effectiveness and view may become cloudy. **4.** 2015 GS 450h EPA 29/34/31 city/hwy/combined mpg ratings. Actual mileage will vary. **5.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **6. CAUTION!** When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in electric-only mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting off or approaching them, so take extra care while driving. EV mode works under certain conditions at low speeds for up to a mile. See *Owner's Manual*. **7.** 18- or 19-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 15,000 miles, depending upon driving conditions. **8.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection, range and clarity of the monitor. For a complete list of limitations and directions regarding use of the monitor, see *Owner's Manual*. **9.** Lane Keep Assist is designed to read lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness depends on many factors. See *Owner's Manual* for more information. **10.** Use only if aware of circumstances surrounding the vehicle, and it is legal & safe to do so (e.g., car uncovered in open area, no people or pets in or nearby). If vehicle has not been driven for over a week, services will not be available until next time vehicle is started. Functionality depends on many factors, such as vehicle and smartphone connectivity. See usage precautions, service limitations & *Owner's Manual*. Data charges may apply. Registration, app download are required. Must have active Safety Connect subscription. Annual fee required after 1-year trial. **11.** Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available in Beta only on iPhone® 4S, iPhone® 5, iPad® with Retina® display, iPad® mini, & iPod® touch, 5th gen. & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Data charges may apply. See Apple.com & phone carrier for details. **12.** iPhone® and iPad® are registered trademarks of Apple Inc. All rights reserved. **13.** HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **14.** Mark Levinson® is a registered trademark of Harman International Industries, Inc. **15.** Based on data from Audi A6 2.0T with 19-in Sport Package, BMW 5 Series 535i with M Sport Package & Mercedes-Benz E-Class E350 with Sport Styling Package manufacturers' websites. **16.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **17.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting www.aloa.org. **18.** iTunes® and iPod® are registered trademarks of Apple Inc. All rights reserved. **19.** The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage & carrier. **20.** Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. See lexus.com for details. **21.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. The included Driver Attention Monitor is designed to alert the driver if a potential hazard is detected ahead and the driver's face appears to be turned away. They are not collision-avoidance systems and are not substitutes for safe and attentive driving. System effectiveness depends on many factors. See *Owner's Manual* for further information. **22.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. See *Owner's Manual* for details. **23.** Lane Departure Warning is designed to read lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness depends on many factors. See *Owner's Manual* for more information. **24.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. To learn more, see *Owner's Manual*. **25.** Do not rely exclusively on the Intuitive Parking Assist system. Always look over your shoulder and use your mirrors to confirm clearance. System effectiveness depends on many factors. See *Owner's Manual* for details. **26.** The Adaptive Front Lighting System helps improve vision at night. Situations such as dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness, requiring the driver to manually turn off. See *Owner's Manual* for details. **27.** Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See lexus.com/enform for details. **28.** PANDORA®, the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. **29.** 2015 EPA-estimated ratings. Actual mileage will vary. **30.** FaceTime® is a registered trademark of Apple Inc. All rights reserved.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of publishing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
