LX 570 | 383-hp, 5.7-liter V8; six-speed automatic transmission; dual Variable Valve Timing with intelligence (VVT-i); and full-time four-wheel drive (4WD).

**REDRAW YOUR
BOUNDARIES.**

INTRODUCING
THE 2015 LEXUS LX

Wherever your travels take you, the LX delivers in style. Around town, with three rows and room for eight passengers, the LX is extremely versatile. Power-folding 50/50-split third-row seats stow to the sides, and the power-sliding second-row seat folds forward, yielding more than 80 cubic feet of room² for everything you pick up along the way.

The Navigation System,³ with available Lexus Enform⁴ Destinations and Safety Connect,⁵ offers so much more than live, 24-hour navigation assistance. And more than the peace of mind of knowing emergency services can be reached at the press of a button. With the subscription-free App Suite,⁴ you can order movie tickets, personalize iHeartRadio channels and even make dinner reservations—all from the console of your LX.

LUXURY AND CAPABILITY
ON AN UNPRECEDENTED SCALE.⁶

The farther you get from home, the more the LX demonstrates its legendary capability. Full-time 4WD with a TORSEN^{®7} torque-sensing limited-slip center differential helps minimize tire spin in slippery conditions. And for maximum traction in off-road situations, the transfer case can run in locked or unlocked mode, as well as high or low range.

Personalized comfort and craftsmanship can be found throughout the cabin. The driver's seat features heating and available ventilation, along with 14-way adjustability. The leather trim is crafted from the highest-quality full-grain stocks, including available semi-aniline leather. And the exclusive Mahogany wood accents are selected for consistent color and grain.

BUILT TO SATISFY THE HIGHEST STANDARDS: YOURS.

CAPABILITY

Your driving experience can be personalized with a range of driver-selectable options. With the simple press of a button, CRAWL Control⁸ carefully manages the engine and brakes to help you maintain a slow, consistent speed when traveling up, down and over rugged terrain. For added control, you can alternate between five speeds using a toggle switch.

VISIBILITY

To provide enhanced visibility, the LX features a backup camera.⁹ And, to help you see around blind corners, such as when exiting a parking garage, there is an available Wide-view Front and Side Monitor system.¹⁰ For added convenience, a second camera located underneath the passenger side-mirror¹¹ is particularly useful when navigating narrow passageways and tight parking spaces.

CONVENIENCE

The LX is as capable as it is convenient. Along with its power second- and third-row seating for easy cargo loading,² there's a power rear door with an accommodating clamshell design. The lower tailgate can be manually raised and lowered, aiding cargo access. And as an added touch, the available cool box is neatly integrated in the front console under the center armrest to keep your beverages nicely chilled.

V8 POWER

The go-anywhere, do-anything LX combines the power of a 383-hp¹ V8 with the grace of a six-speed sequential-shift transmission, which helps provide optimal acceleration, efficiency and seamless shifting. Plus, the dual Variable Valve Timing with intelligence system (VVT-i) improves towing power^{12,13} and boosts performance at higher speeds.

MULTI-DIMENSIONAL AUDIO

The available 450-watt Mark Levinson[®] Reference Surround Sound Audio System¹⁴ was tuned for more than 4,000 hours to optimize the acoustics in the LX. As a result, it features 19 speakers and 7.1-channel architecture that deliver multi-dimensional sound and music clarity once reserved for six-figure home-theater systems.

REAR-SEAT ENTERTAINMENT

The available dual-screen Rear-Seat Entertainment System (RSES)¹⁵ allows the left and right rear-seat passengers to enjoy separate entertainment. With 7.0-inch LCD screens located behind the driver's and front passenger's headrests, the system features a pair of wireless headphones¹⁶ and can be used as a DVD player, audio player or game console.

CLIMATE CONTROL

With 28 vents throughout the cabin, the LX features a standard first-in-class four-zone climate-control system that allows you and your passengers to select individual temperature settings. And along with heated front seats and available heated second-row seats, the LX offers a heated steering wheel and even a windshield-wiper deicer.

PRE-COLLISION SYSTEM

To help you prepare for and, if possible, avoid potential frontal collisions, an available Pre-Collision System¹⁷ is designed to watch the road ahead for obstacles and warn you of their presence with beeps and visible indicators.

A suite of adventure-enhancing controls at your fingertips. Among the high-tech advances, you'll find switches for Active Height Control, Turn Assist and Adaptive Variable Suspension.

403 lb-ft

SERVICES AS INNOVATIVE AS THE LX ITSELF.

THE LEXUS DELIVERY AND TECHNOLOGY SPECIALISTS. To assist you in getting the most out of your LX, the Lexus Delivery Specialist will conduct a personalized delivery focused on every feature, setting and function you desire. To answer questions that arise after delivery, the Lexus Technology Specialist can offer expert guidance in person or without you ever leaving the driveway, via camera-enabled iPad®³⁷ apps like FaceTime®.³⁸ Learn more about our Lexus Delivery and Technology Specialist services at lexus.com/specialists.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *LX Warranty and Services Guide* at your Lexus dealer for details. **DISCLOSURES** **1.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **2.** Cargo and load capacity limited by weight and distribution. **3.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available at an additional cost from your dealer. See *Navigation System Owner's Manual* for details. **4.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See lexus.com/enform for details. **5.** Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. See lexus.com for details. **6.** The LX 570 is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Lexus encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. Tow hitch receivers/ball mount kits are not intended to provide crash protection. **7.** TORSSEN® is a registered trademark of Zexel Torsen, Inc. **8.** CRAWL Control is designed for driving on difficult terrain at low speeds. It assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. The LX 570 is designed to meet off-road driving requirements, but off-roading is inherently dangerous. Always wear seatbelts. **9.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather may limit effectiveness and view may become cloudy. **10.** The Wide-view Front and Side Monitor does not provide a comprehensive view of the front and side areas of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm clearance. Cold weather will limit effectiveness and view may become cloudy. **11.** The Wide-view Side Monitor system does not provide a comprehensive view of the front passenger-side area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm clearance. Cold weather will limit effectiveness and view may become cloudy. **12.** Before towing, confirm your vehicle and trailer are compatible, hooked up properly and you have any necessary additional equipment. If gross trailer weight is above 5,000 lb (2,268 kg), it is necessary to use a weight-distributing hitch with sufficient capacity. Do not exceed any Weight Ratings and follow all instructions and cautions from your trailer-hitch manufacturer and vehicle *Owner's Manual*. The maximum amount you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with the new SAE J2807 method. **13.** Please consult your Lexus dealer or *Owner's Manual* for towing and load specifications. **14.** Mark Levinson® is a registered trademark of Harman International Industries, Inc. **15.** A single-disc DVD player is standard. A separate DVD player or game system utilizing the center console's video/audio inputs is required in order to use the split-screen function of the dual-screen system. **16.** Headphones are for passenger use only. Do not use while operating vehicle. **17.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. The included Driver Attention Monitor is designed to alert the driver if a potential hazard is detected ahead and the driver's face appears to be turned away. They are not collision-avoidance systems and are not substitutes for safe and attentive driving. System effectiveness depends on many factors. See *Owner's Manual* for further information. **18.** Trailer Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See *Owner's Manual* for details. **19.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **20.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting www.alo.org. **21.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. See *Owner's Manual* for details. **22.** Continuous average power, all channels driven, at less than 0.1% THD; 20-20,000 Hz. **23.** Do not exclusively rely on the Intuitive Parking Assist system. Always look over your shoulder and use your mirrors to confirm clearance. System effectiveness depends on many factors. See *Owner's Manual* for details. **24.** The Adaptive Front Lighting System helps improve vision at night. Situations such as dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness, requiring the driver to manually turn off. See *Owner's Manual* for details. **25.** Roof rack with rails not recommended for luggage. **26.** Roof rack capacity is 176 lb. See *Owner's Manual* for details. **27.** The Lexus Personalized Settings (LPS) can be programmed in two ways: For most models equipped with the available Navigation System, the driver can modify the settings themselves; for other models, including those without a Navigation System, programming is done by your Lexus dealer via a one-time, complimentary offer during the first 12 months from the date the vehicle is sold. See Lexus dealer for more information. **28.** PANDORA®, the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. **29.** The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage & carrier. **30.** SiriusXM® services require a compatible receiver and a subscription after 90-day trial period. Satellite service is dependent on many factors. Subscriptions governed by SiriusXM® Customer Agreement available at SiriusXM.com. **If you decide to continue your SiriusXM® service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-866-635-2349 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. **31.** HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **32.** iPod® is a registered trademark of Apple Inc. All rights reserved. **33.** Bluetooth® audio device must be enabled with A2DP and AVRCP. **34.** 20-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles, depending upon driving conditions. **35.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **36.** 2015 EPA-estimated ratings. Actual mileage will vary. **37.** iPhone® and iPad® are registered trademarks of Apple Inc. All rights reserved. **38.** FaceTime® is a registered trademark of Apple Inc. All rights reserved.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
