The CT 200h boasts five-door versatility with generous cargo space, an EPA-estimated 42-MPG combined rating/ Electronically controlled Continuously Variable Transmission, double-wishbone rear suspension and Yamaha® lateral performance dampers.

CT 200h F SPORT
Race-inspired styling and performance details drive the CT 200h F SPORT. The CT 200h F SPORT features an exclusive F SPORT–tuned suspension and a steering wheel with perforated leather trim and F SPORT badge. F SPORT styling includes the signature black roof, a rear spoiler with aerodynamic cutouts, and an interior trimmed in Black NuLuxe or available Black leather with white perforations.
What lies ahead is more than an open road. It’s a blank slate. The 2017 Lexus CT opens the door to the unexpected.
AWAKEN THE IMAGINATION AT EVERY TURN

Exceptional styling, dynamic handling, five-door access and an outstanding fuel efficiency rating—getting behind the wheel of a CT is the only excuse you need to get out and go. Engineered to deliver the elegance and innovation you expect with the captivating performance you crave, the CT puts more into every mile. With advanced aerodynamics, a low center of gravity and generous in-dash technology, the open road is an open invitation.
AT FIRST SIGHT

This is the luxury five-door hybrid that your tailgating and camping trips have been waiting for. Enjoy the ease of loading cargo with the 60/40-split, fold-down rear seats and rear door designed for optimal access.
Thrilling performance comes easily to the CT thanks to a highly rigid chassis and Yamaha lateral performance dampers. Combined with a MacPherson-strut front suspension, double-wishbone suspension in the rear and optimized overall body rigidity, the CT delivers a dynamic handling experience as pronounced as its good looks.

JOY.
RIDE.
REPEAT.
THE SEAT OF POWER

Command every scene with the race-inspired details and sleek styling of the driver’s cockpit. With every element engineered to help optimize the driver’s control and comfort, the low-set bolstered sport seats are distinctly positioned for a low center of gravity and enhanced driving dynamics. The wide-grip steering wheel includes dual five-way fingertip controls for audio and display operation, and the driver-centric cabin is also complemented with a low hood for optimum visibility.
UNADULTERATED SOPHISTICATION

Step inside the cabin of the CT to experience true indulgence. In addition to the available perforated leather, the CT also offers a trim as elegant as it is innovative. Weighing half as much as traditional leather, NuLuxe generates 65% fewer CO$_2$ emissions during the manufacturing process than other leather substitutions—and produces zero volatile organic compounds during the production process.
INNOVATIVE TECH. INSPIRED DESIGN.

Put the world at your fingertips with the wealth of innovative technology featured in the CT. Housed within a generous console, the in-dash technology has you covered, from convenient hands-free services to multiple drive modes. Plan every trip with ease with available Navigation™ with voice activation, available Bluetooth® technology and Siri® Eyes Free. Once on the road, make your CT more responsive or efficient with a turn of a dial. Sport mode alters the powertrain for more dynamic throttle mapping and adjusts the power steering for a more responsive feel. Normal mode provides the optimal balance of fuel efficiency and engine performance. In ECO mode, engine power output is moderated for enhanced fuel efficiency. EV mode® enables you to drive for short distances at low speeds on battery power alone, minimizing noise and eliminating emissions.
MILES OF POSSIBILITIES

More day trips. More beach trips. More reasons to go on a vacation, journey, jaunt or Sunday drive. With an EPA-estimated 42-MPG combined rating, the CT offers one more reason to cross that cross-country road trip off your wish list.
THE 2017 CT F SPORT

Performance and style reach their pinnacle with the track-inspired details and sharp handling found in the CT F SPORT. Aggressive F SPORT aesthetics turns heads from all angles as this dynamic drive reimagines hybrid performance.

INSTINCTIVE HANDLING

DISTINCTIVE EDGE
The CT F SPORT elevates performance from agile to aggressive. An exclusive sport-tuned suspension optimizes direct handling as revised shock absorbers increase responsiveness. Bespoke coil spring settings bolster advanced rigidity throughout the body for enhanced driving dynamics, and aerodynamic cutouts in the rear spoiler help provide added downforce for greater grip and control.
EVERYWHERE BUT MIDDLE OF THE ROAD

RACE-INSPIRED F SPORT STYLING

The CT F SPORT epitomizes standout style. Exclusive accents create an unmistakable F SPORT exterior, with the signature black roof; the spindle grille with F SPORT mesh pattern; a bold rear spoiler; and 17-inch, split-five-spoke alloy wheels with Graphite two-tone finish. The arresting interior comes to life with aluminum pedals, scuff plates, low-set bolstered sport seats, available Black leather trim with white perforations, and perforated leather-trimmed steering wheel and shift lever.
THE NEXT LEVEL OF CONVENIENCE

Available Lexus Enform™ elevates connected technology into a new era of concierge-level convenience. From emergency assistance to a GPS-enabled vehicle locator to a live destination specialists and more, our premium suite of connected technology offers peace of mind with every drive.

DESTINATIONS
Get directions and destinations delivered by a real person with 24-hour, en-route navigation assistance, and upload destinations from the comfort of home.²

SAFETY CONNECT
Whether you’re involved in an accident, your vehicle is stolen, or the unexpected occurs, assistance can be sent directly to your vehicle’s GPS location.⁶

SERVICE CONNECT
Keeping up with your vehicle’s health has never been easier. Get updates on everything from fuel level and mileage to maintenance alerts and more via e-mail or the mobile app.⁷

REMOTE
The Lexus Enform Remote³ mobile app helps you lock and unlock doors, start the engine, resume climate settings, find your vehicle in a parking lot and monitor guest drivers.

APP SUITE
Search local listings, stream music, place restaurant reservations, buy movie tickets and more—all from the center console.⁸
INTUITIVE PARKING ASSIST

Available Intuitive Parking Assist® utilizes inconspicuous sensors integrated into the front and rear bumpers that are designed to detect surrounding objects. Using audible tones and an indicator on the multimedia display, the system can notify you of a detected object’s location and proximity, helping with routine tasks like parallel parking.

BACKUP CAMERA

The available backup camera® uses an inconspicuous lens mounted above the license plate to help enable the driver to view more objects in the vehicle’s path when driving in reverse.

INVISIBLE INNOVATION

PRE-COLLISION SYSTEM

The available Pre-Collision System® is engineered to detect vehicles in the path of your Lexus. Should it determine a frontal collision is imminent, it’s designed to automatically prepare Brake Assist® for increased braking response, and is even able to automatically begin braking before impact.

DYNAMIC RADAR CRUISE CONTROL

Available Dynamic Radar Cruise Control® can help maintain a preset distance from the car traveling in front of you by automatically reducing the throttle and even applying the brakes (at speeds above 25 mph). Once the road clears, the CT returns to its preset speed.
3-D NAVIGATION

Use the high-resolution multimedia display or your voice to access the available Navigation System. This system can map millions of points of interest across the country and can display information in English, French and Spanish. And, in addition to offering up-to-date traffic and weather information, 3-D city views, and simulated views of approaching highway junctions, it displays the current speed limit and can automatically display nearby gas stations if you begin to run low on fuel.

LEXUS 10-SPEAKER PREMIUM SOUND SYSTEM

This available 10-speaker Lexus Premium Sound System offers an immersive surround-sound experience courtesy of optimized placement throughout the cabin, including a front-center speaker and a woofer in the rear.

SIRI EYES FREE

The innovative Siri Eyes Free® connects with your compatible iPhone,™ enabling you to access e-mail, send text messages and more. The Siri feature can also search your portable music collection and use the results to create customized playlists.

Bluetooth®

BLUETOOTH TECHNOLOGY

In addition to easily transferring phone numbers to your vehicle, and placing and ending calls with the touch of a button, Bluetooth audio technology® offers the convenience of accessing and controlling your compatible device’s entire music library and even streaming audio from websites—all while your device remains in your pocket or purse.
A PROCESS OF NATURAL SEDUCTION

Welcome to engineering with a green thumb. Harvesting even more ways to go greener, the CT boasts the use of plant-based plastics that contain 30% sustainable materials, including significant use of sugarcane. Even sweeter, the available 10-speaker audio system features a sound as clear as its conscience. Harnessing the beauty of one of the fastest-growing plants on Earth, the CT features the industry’s first speakers constructed with sustainable bamboo charcoal resin.
