

LC
2021

Can a steering wheel be as
unique as the human hand?

Can a door handle provide more
than a function, but a feeling?

Can performance be measured
in heartbeats per minute?

To craft the most amazing machines, you don't start with machines at all. You start with people.

The 2021 Lexus LC

LC 500

Experience a world-class luxury coupe crafted for an era of uncompromising performance and design. A platform built specifically for the LC, a highly rigid chassis, an exhilarating 4.4-second zero-to-60 time^{1,2} and a thundering engine note all come together to connect you to the road like never before.

LC 500 Convertible

Lower the top and raise your heart rate with the first-ever Lexus LC Convertible. Featuring the same naturally aspirated 5.0-liter V8 engine, sleek silhouette and near-perfect balance as its coupe counterpart, it adds a lightweight soft top, an advanced Climate Concierge with Upper Body Heating, a redesigned suspension, added rigidity for more responsive handling, and more.

LC 500h

Experience a profound shift in hybrid performance. Hit the pedal and feel the roar as the breakthrough Lexus Multistage Hybrid Drive pairs a potent gas engine with powerful electric motors to put on a truly invigorating performance—and put the entire category on notice.

LC shown in Ultra White (left), LC Convertible Inspiration Series shown in Structural Blue (right)

LC shown in Atomic Silver

A dynamic, low body with menacing, wide shoulders. An aggressive, broad stance. An impossibly low center of gravity. Every design note is engineered to provide direct, responsive performance. With four air intakes and rear aero ducts to help reduce lift and drag, even the air itself contributes to the high-speed handling. By bringing all these elements together, the LC stands apart.

LC Convertible shown in Atomic Silver

IGNITE YOUR SENSES

When every aspect of performance—from the sound of the engine to the shape of the steering wheel—is crafted around the driver, the result is more than a car. It’s a feeling.

To engineer a car that’s as adept at conquering corners as it is at captivating drivers, we took every detail even further. The LC line features performance upgrades such as an enhanced Sport S+ mode for greater agility and sharper steering. While the LC 500 Convertible boasts special engine tuning, additional bracing and reduced unsprung weight for exceptional responsiveness—whether the top is up or down.

VISCERAL SYMPHONY

The LC boasts one of the most powerful naturally aspirated 5.0-liter V8 engines for a truly exhilarating experience.

—

All that power means nothing if it doesn't make you feel something. With an impressive 5.0-liter V8 engine, 471 horsepower¹ and blistering zero-to-60 times, the LC 500 models are engineered to give the driver a full-throttle experience. By tuning the engine components down to a fraction of a millimeter—as one would a fine wind instrument—the powerful engine sound is channeled directly through the cabin from front to rear as you accelerate. This process creates unique frequencies calibrated to elicit specific emotional responses. Take it up to its 7,300-rpm redline, and the result is unlike anything you've ever heard. Or felt.

A 10-speed Direct-Shift automatic transmission with magnesium paddle shifters was specifically designed for the LC. This exclusive transmission has one of the fastest shift times among conventional automatic transmissions, changing gears in 0.12 seconds. Or, half the time it takes the average human to blink. The system also learns your habits every time you drive, selecting the optimum gear based on vehicle speed, acceleration and your driving style—even choosing the ideal gear while cornering.

LC Convertible shown in Ultra White (left), LC shown in Obsidian (right)

LCh shown in Nightfall Mica

WIELD THE POWER OF GRAVITY

*Take your seat at the center of it all,
and experience an intuitive connection
between driver and vehicle.*

Experience the front-engine, rear-wheel drive platform developed specifically for the LC line. Uniting dynamic proportions with ground-hugging luxury coupe elegance, the front-midship design with a multilink suspension system delivers the ideal balance in every way—from the near-perfect weight distribution to the combination of exceptional handling, stability and ride comfort.

Such equilibrium was achieved by placing the engine's central mass behind the front axle, positioning the wheels close to the vehicle's outer edges, and lowering the hood height and driving position. By placing the driver's hip point as close to the vehicle's center of gravity as possible, the LC feels as if it rotates around you through every turn. When combined with additional features on the coupe like available Active Rear Steering and a rear wing that extends at speeds above 50 mph to enhance downforce, the result is one of the most direct, precise driving experiences we've ever created—and that you will ever encounter.

EXHILARATION IS IN THE AIR

*Retract the top and reawaken
your sense of wonder with the
first-ever LC 500 Convertible.*

How do you take the experience of driving a world-class coupe to a higher level? You lower the top. Every LC features an enhanced drive mode for increased responsiveness and sharper steering, and offers a new Yamaha® performance damper for greater stability and ride comfort, but the convertible takes peak exhilaration even further. With its reduced unsprung weight combined with added rigidity and a redesigned lightweight suspension for more agile handling, the LC Convertible will take your breath away, even while surrounded by air.

LC Convertible shown in Caviar

DUAL POWER SOURCES. A SINGULAR DRIVING EXPERIENCE.

Feel the adrenaline as lightning-fast electric motors and a powerful gas engine propel you to 60 miles per hour in a mere 4.7 seconds.^{1,2}

It's a difference you'll feel instantaneously. The LC 500h is built on an advanced Lexus Multistage Hybrid powertrain—a 3.5-liter, 24-valve V6, powerful yet compact electric motors, and a self-charging, lightweight lithium-ion battery. Beyond an impressive EPA-estimated 34 highway MPG,³ the LCh delivers a thrilling response off the line and 354 total system horsepower.¹ You'll feel the rush of instant torque the moment you press the pedal—and seamless acceleration as the engine power and vehicle speed climb. Combined with the instinctive feel of a 10-speed transmission through magnesium paddle shifters, the impact of our most responsive, fastest and highest-performance hybrid will be felt through the entire category.

LCh shown in Atomic Silver

For those who dare to seek the extraordinary, the LC is crafted to capture your attention while stirring all your senses. A masterful, sleek silhouette shared by the coupe and the convertible. An available high-back sport seat that required more than 50 prototypes to achieve the ideal driving posture. And a total of 700 individual engineering checkpoints verified by two of our most skilled craftsmen to ensure no aspect of the driving experience was left to chance. Any sacrifice of design or performance was unacceptable. The feeling behind the wheel had to be as inspiring as the final form.

UNCOVER THE UNEXPECTED

From the striking lines of the coupe to the thoughtful details you'll discover in the first-ever LC Convertible, every element is designed to elicit a response from the driver.

LC shown in Nightfall Mica

ABSOLUTE PRECISION

An unwavering attention to detail, impeccable materials and countless hours crafting the LC—not just for how it feels, but for how it makes you feel.

No detail was spared when creating the LC. The precision-crafted steering wheel was developed by studying the contours of the human hand, measuring the distribution of palm pressure during circuit driving, then manipulating the cross section in order to achieve the ideal grip no matter where your hands are placed. Alcantara®-trimmed⁴ door panels with deep, flowing lines form a distinctive look and feel. And ambient illumination accentuates the bold contours and details throughout the cabin. The interior beauty of the LC is mirrored by the striking exterior. It boasts sleek triple-projector ultra-compact LED headlamps, stunning dimensional taillamps inspired by the dramatic glow of a jet's afterburners, and flush exterior door handles—born from the Japanese spirit of hospitality known as *omotenashi*—that extend and illuminate as you approach.

Because craftsmanship means more than creating an exceptional finished product. It means creating a feeling that stays with you long after you finish the drive.

LCh shown with Toasted Caramel leather interior trim

LC Convertible shown in Atomic Silver

FORM AND FUNCTION IN PERFECT HARMONY

15-SECOND TOP RETRACTION

Opening or closing in approximately 15 seconds at driving speeds of up to 30 mph, the soft top can be stored without impacting luggage capacity. But its unique design doesn't end there. To choreograph a retraction motion that's as beautiful as it is functional, craftsmen tested more than 1,000 sequences before discovering the ideal motion.

ADVANCED CLIMATE CONCIERGE

The convertible's advanced Climate Concierge with Upper Body Heating goes beyond simply integrating the heating and air conditioning systems with the heated steering wheel and seats. It also utilizes vents designed to direct air from behind the steering wheel toward the hands, and incorporates additional upper-body heating vents in the front seats to keep you comfortable in cooler weather.

AIRFLOW MANAGEMENT

Both the uniquely designed wind deflector and wind screen help aerodynamically tame the air around you. These noise reduction elements work together to create a tranquil interior, making conversation effortless, even at higher speeds.

ENHANCED ACTIVE NOISE CONTROL

In addition to the convertible's lightweight, four-layer top construction that minimizes creasing and road noise, Active Noise Control can sense ambient noise within the cabin and counter it. Furthermore, Mark Levinson®⁵ and Lexus engineers worked hand in hand to produce a custom soundscape for the convertible's unique acoustics. They painstakingly optimized the interior listening environment, crafting a surround sound audio system that adjusts for the additional wind and road noise when the top is retracted.

LC shown with Black leather interior trim

CONNECT TO YOUR WORLD

With access to Android Auto, Amazon Alexa compatibility⁶ and much more, the LC helps keep you more connected than ever before.

Taking connectivity to the next level, thousands of the same functions you enjoy at home can now be seamlessly utilized from inside your vehicle. While Android Auto^{TM7} gives you access to a variety of messaging apps like WhatsApp,⁸ it also features the unique capability to anticipate and provide personalized information. In-vehicle Waze⁹ helps you confidently navigate by providing a preview of driving directions as well as arrival time. And the Lexus app empowers you to start your vehicle remotely¹⁰ with your compatible smartwatch. This is more than technology that connects you—it's an extension of you.

LC shown with Apple CarPlay^{®11} integration and Circuit Red leather interior trim

YOUR FAVORITE TECHNOLOGY, FRONT AND CENTER.

APPLE CARPLAY

With Apple CarPlay^{®11} integration, you can access the same familiar interface from your iPhone^{®12} through a 10.3-inch multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri,^{®13} and get access to your favorite apps like Waze, Spotify[®] and Apple Audiobooks.^{TM14}

AMAZON ALEXA

Bring all the convenience of Amazon Alexa^{®6} on the road with the Lexus+Alexa^{®6} app. Using only your voice, you can easily access thousands of the same functions you get with Alexa at home. Listen to audiobooks, stream Amazon Music,^{®6} make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices¹⁵ such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa even syncs to your Navigation System¹⁶ to provide on-the-go directions via the Waze^{®9} app on compatible devices.

ANDROID AUTO

With Android Auto,^{TM7} you can now seamlessly cast your device's interface onto the vehicle's multimedia display. Play your music via your favorite apps such as Spotify[®] and Pandora,[®] send messages through a range of commonly used apps like WhatsApp,^{®8} navigate with Google Maps¹⁷ or Waze, and request information—all with just the sound of your voice—through Google Assistant.¹⁷ For added convenience, Android Auto can also deliver tailored information based on your calendar, usage activity and habits.

MARK LEVINSON^{®5} AUDIO SYSTEM

While most audio systems are adapted to and installed in a vehicle after it's produced, Mark Levinson^{®5} technicians work alongside Lexus engineers from the outset of the development process. That's why the LC features a rich, dynamic, 13-speaker, 915-watt sound stage uniquely fitted to the cabin—and as pure as the performance of the vehicle itself.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.^{®18} Learn more about these complimentary services at lexus.com/specialists.

PEACE OF MIND, STANDARD

Presenting Lexus Safety System+, an integrated suite of the most advanced active safety equipment ever offered on the LC.¹⁹

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system²⁰ is engineered to help detect a vehicle or a pedestrian in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it's designed to automatically prepare Brake Assist²¹ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH LANE KEEP ASSIST

This system²² utilizes a camera to monitor visible lane markings. If an inadvertent or potential lane departure is detected, it's designed to warn you and can take slight corrective measures. And, if Dynamic Radar Cruise Control²³ is engaged, the system can even help you remain in the center of the visibly marked lane, helping to prevent drifting before it occurs.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams²⁴ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

LEXUS SAFETY SYSTEM +

See *Owner's Manual* for additional limitations and details. **17.** Google, Google Maps and Google Assistant are trademarks of Google LLC. Always drive safely and obey traffic laws. Functionality depends on many factors outside of Lexus' control. Actions and services subject to change at any time without notice. To learn more, go to [lexus.com/enform](https://www.lexus.com/enform). To learn more about Lexus' data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **18.** Face time is a registered trademark of Apple Inc. All rights reserved. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **19.** Lexus Safety System+ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See *Owner's Manual* for additional limitations and details. **20.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **21.** Brake Assist is designed to help the driver take advantage of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, and tire and road conditions. See *Owner's Manual* for additional limitations and details. **22.** Lane Departure Alert with Lane Keep Assist is designed to read visible lane markers under certain conditions when DRCC is engaged. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **23.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **24.** Intelligent High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **25.** Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **26.** The Safety and Service Connect trial periods are at no extra cost and both begin on the original date of purchase or lease of a new vehicle. After the trial periods expire, enrollment in paid subscription is required to access the services. Safety and Service Connect services depend on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Lexus' control, all of which can limit system functionality or availability, including access to response center or emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Services subject to change at any time without notice. Terms of Use apply. Service may vary by vehicle and region. See usage precautions and service limitations in *Owner's Manual*. See [lexus.com/enform](https://www.lexus.com/enform) for details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **27.** Destination Assist depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Lexus' control, which can limit system functionality or availability. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Services subject to change at any time without notice. Terms of Use apply. See *Owner's Manual* and [lexus.com/enform](https://www.lexus.com/enform) for additional limitations and details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. **28.** Eligible vehicle and wireless service required. Coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to att.com/lexus for terms and conditions. Data usage and charges apply. Up to 5 devices can be supported using in-vehicle connectivity. Apps and services subject to change at any time without notice. The Enform Wi-Fi trial begins at the time of activation and expires when 4GB of data is used or when the 3-month period ends. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **29.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See [lexus.com/enform](https://www.lexus.com/enform) for details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **30.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Dynamic Navigation and Dynamic Voice Command are dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit system functionality or availability. Use common sense when relying on information provided. Service may vary by vehicle and region. Registration is required. Terms of Use apply. See *Owner's Manual* and [lexus.com/enform](https://www.lexus.com/enform) for additional limitations and details. The Dynamic Navigation three-year trial period begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the system. **31.** The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **32.** May not be compatible with all mobile phones, MP3/WMA players and like models. **33.** SiriusXM® audio services require a subscription sold separately by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. ©2020 Sirius XM Radio Inc. SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. **34.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **35.** The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Lexus dealer can help or you can go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service. **36.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. **37.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **38.** Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **39.** The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **40.** Lexus provides complimentary maintenance for your first two scheduled visits. To obtain these services, contact your Lexus dealership. Complimentary services applicable for new Lexus vehicle registered owners and service intervals may vary, depending on model. Please refer to the *Warranty and Services Guide* for details. These services apply to Lexus vehicles registered and normally operated in the continental United States, U.S. territories and Canada. **41.** Tire life may be substantially less than mileage expectancy, depending on driving conditions. **42.** Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **43.** Torsen® is a registered trademark of JTEKT Corporation. **44.** NuLuxe is a registered trademark of Toyota Motor Sales, U.S.A., Inc. **45.** High-friction brakes may require additional maintenance, be louder and have a shorter life than conventional brakes, depending on driving conditions. See the *Warranty and Services Guide* for more information. **46.** 2021 Lexus LC 500 EPA 16/city, 25/hwy, 19/comb mpg estimates. Actual mileage will vary. **47.** 2021 Lexus LC 500 Convertible EPA 15/city, 25/hwy, 18/comb mpg estimates. Actual mileage will vary. **48.** For accessories purchased at the time of the new-vehicle purchase, the Lexus Accessory Warranty coverage is in effect for 48 months/50,000 miles, from the vehicle's in-service date, which is the same coverage as the new vehicle Basic Warranty. For accessories purchased after the new-vehicle purchase and installed by a Lexus dealer, the coverage is 12 months for the parts and labor, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new-vehicle warranty, whichever provides greater coverage. Accessories purchased over the counter are covered for 12 months from the date of purchase. Refer to your Lexus Accessory Limited Warranty or documentation that accompanies accessory purchase for coverage and conditions. **49.** Warranty honored at all Lexus dealerships nationwide excluding Hawaii. **50.** This floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner must be secured with its fasteners. Do not install a floor liner on top of an existing floor liner. **51.** This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat. **52.** Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **53.** Genuine Lexus Paint Protection Film by 3M™ is designed for specific sections of the vehicle most prone to chipping and may vary depending on vehicle model. Select applications may require an additional charge. Lexus Genuine Accessory Warranty only applies when installation is performed by a trained Lexus-approved installer. See Lexus dealer for details.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See [lexus.com](https://www.lexus.com) for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of publishing, are subject to change without notice, and are for mainland U.S.A. vehicles only. **Vehicles shown may be prototypes and/or shown with options. Actual models may vary.** Colors depicted may vary based on multiple factors, including ambient lighting and the format in which they are being viewed (e.g., computer, mobile device, or print). See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit [lexus.com](https://www.lexus.com). To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
