

LX
2021

Can the weather predict you?

Can you conquer a mountain with only a finger?

Can technology learn you?

To craft the most amazing machines, you don't start with machines at all. You start with people.

The 2021 Lexus LX

LX 570

Experience a naturally aspirated 5.7-liter V8 engine with 383 horsepower,¹ 403 lb-ft of torque¹ and a 7,000-lb towing capacity,² equipped with an advanced eight-speed paddle-shift transmission, full-time four-wheel drive and Adaptive Variable Suspension. A striking Sport Package, an integrated suite of advanced standard active safety equipment,³ and intelligent off-roading⁴ capabilities complement a handcrafted interior that rewards all of your senses and features two- or three-row seating.

LX shown with available Cabernet semi-aniline leather and Linear Espresso wood interior trim

LX shown in Atomic Silver

LX with Sport Package shown in Eminent White Pearl⁵

Unmistakable from every angle, the LX unites bold styling with commanding utility, offering a muscular, head-turning exterior, Premium Triple-Beam LED headlamps and available class-exclusive climate technology.⁶ With a Sport Package that features a unique, more dynamic front fascia and a lower rear valance, the LX does more than just capture your attention—it holds onto it.

ULTIMATE INDULGENCE

Designed for the senses, not the status quo, the LX features an abundance of handcrafted details.

TAKUMI CRAFTSMANSHIP

An iconic attention to detail, impeccable materials and handcrafted artistry create an eye-opening approach to luxury.

Brought to life by the *takumi*, or Lexus master craftsmen, the LX interior offers natural materials of extraordinary beauty. Not only are just a fraction of the world's leathers high enough quality for Lexus vehicles, the available perforated semi-aniline leather trim is also dyed all the way through, unlike those which rely on conventional surface dyes. This process requires that a higher grade of leather be adopted, since imperfections cannot be hidden.

Remarkable in their own right, the available Linear Dark Mocha and Linear Espresso wood trims merge the organic look of natural wood with a modern layered aesthetic. The distinctive pattern is inspired by a Lexus-exclusive design, which requires 67 steps of craftsmanship over 38 days to create.

SUPREME VERSATILITY

An expansive cabin with class-exclusive climate technology offers a rare level of comfort and convenience.

From the sequential ambient LED illumination to the available cool box and heated wood- and leather-trimmed steering wheel, every element of the LX interior is informed by a meticulous attention to detail and *omotenashi*, the Japanese art of hospitality.

REAR-SEAT ACCOMMODATIONS

With customizable seating and ample cargo space,⁷ the LX is available in a five-passenger two-row or versatile three-row configuration. Both models include power-sliding, 60/40-split second-row seating with a 40/20/40-split seatback, while the generous eight-passenger LX offers the addition of a power-folding, 50/50-split third-row seat.

HEATED AND VENTILATED SEATING

The 14-way power-adjustable driver's seat and 12-way power-adjustable front passenger's seat feature convenient memory settings, dual-function lumbar adjustability, and heating. With available heated and ventilated front- and second-row outboard seats, passengers can select from three settings that operate fans inside the seatbacks and cushions to circulate air through perforations in the leather trim. On cold days, these seats can also be heated to one of three levels.

ADVANCED CLIMATE TECHNOLOGY

Building upon standard four-zone automatic climate control, the available class-exclusive Climate Concierge⁶ uses infrared sensors to detect if a zone is getting too warm or too cool, and can automatically coordinate the temperatures of the steering wheel and cabin at the press of a button. Sun entering in on just your side of the vehicle? The rear overhead ducts and the temperatures of the front- and second-row heated and ventilated seats are all adjusted individually so that each zone achieves your preset level of comfort as quickly as possible.

LX shown in Black Onyx

ULTIMATE CAPABILITY

Conquer the daily commute or demanding terrain in the masterful LX, proving there are many ways to ignite your senses.

Experience how the largest engine of any Lexus vehicle combines with leading-edge performance technologies, full-time four-wheel drive, prodigious towing power² and unequalled off-road⁴ racing victories⁸ to deliver our most awe-inspiring SUV.

LX shown in Eminent White Pearl⁵

COMMANDING POWER AND PERFORMANCE

NATURALLY ASPIRATED 5.7-LITER V8 WITH 383 HORSEPOWER

Experience the exhilaration of a 5.7-liter, 383-horsepower¹ V8 loaded with 403 lb-ft of torque¹ at low rpm, an advanced eight-speed automatic transmission with paddle shifters, and an impressive 7,000-lb towing capability² with Trailer Sway Control.⁹

FULL-TIME FOUR-WHEEL DRIVE WITH ACTIVE TRACTION CONTROL

The Torsen^{®10} torque-sensing limited-slip center differential with electronic differential lock efficiently distributes engine power between the front and rear axles, optimizing traction in a wide variety of conditions. Four-wheel Active Traction Control helps keep you on the road and feeling secure by using sensors to detect the onset of wheel slippage, automatically applying the brake to the slipping wheel, and shifting power to the wheels with the most traction.

LARGE BRAKE ROTORS WITH FOUR-PISTON FRONT CALIPERS

Four-piston front brake calipers with 13.9-inch ventilated discs, 13.5-inch vented rear discs, and a four-sensor Multi-terrain Anti-lock Braking System help to provide the LX with serious stopping power.

7,000-lb

towing capability² with Trailer Sway Control⁹

ADAPTIVE VARIABLE SUSPENSION AND ACTIVE HEIGHT CONTROL

The Adaptive Variable Suspension monitors and adjusts the electronically controlled shock absorber settings at each wheel to help deliver responsive on-road handling. To provide capable off-road⁴ performance, Active Height Control can raise the vehicle's height by more than three inches and allows greater wheel articulation across rough conditions.

VARIABLE GEAR-RATIO STEERING

Variable Gear-Ratio Steering automatically adjusts the steering angle and response of the front wheels for easier low-speed maneuvering and increased high-speed responsiveness and control.

DRIVE MODE SELECT

Drive Mode Select enables you to make your vehicle feel more responsive or be more efficient with a simple turn of a dial. Sport mode alters the powertrain for faster and more dynamic throttle response. Normal mode provides the optimal balance of fuel efficiency and engine performance. ECO mode moderates the throttle response, engine power output and climate settings for increased fuel efficiency.

8-SPEED

automatic transmission
with paddle shifters

LX shown in Eminent White Pearl⁵

OFF-ROAD EXHILARATION

A unique desert racing pedigree meets unsurpassed performance technologies that push the boundaries.

Few luxury vehicles ever make it off the beaten path. None have the off-road⁴ racing heritage of the LX. Taking the crown a record eight times across the desert racing circuit, including at the notorious Mint 400, the LX is unrivaled⁶ in its balance of extreme off-roading capability and exceptionally smooth handling.

CRAWL CONTROL AND TURN ASSIST

Activated with the press of a button, enabling you to conquer a mountain with only a finger, Crawl Control¹² is designed to automatically maintain an optimal slow and steady pace over challenging terrain. Turn Assist can also tighten your turning circle by adding brake force to the inside rear wheel.

MULTI-TERRAIN SELECT

The Multi-Terrain Select system helps to enhance the driver's control over challenging, varied landscapes. The system offers the ability to adjust the amount of traction and response by choosing from five different types of terrain (Rock, Rock & Dirt, Mogul, Loose Rock, or Mud & Sand).

HILL-START ASSIST CONTROL

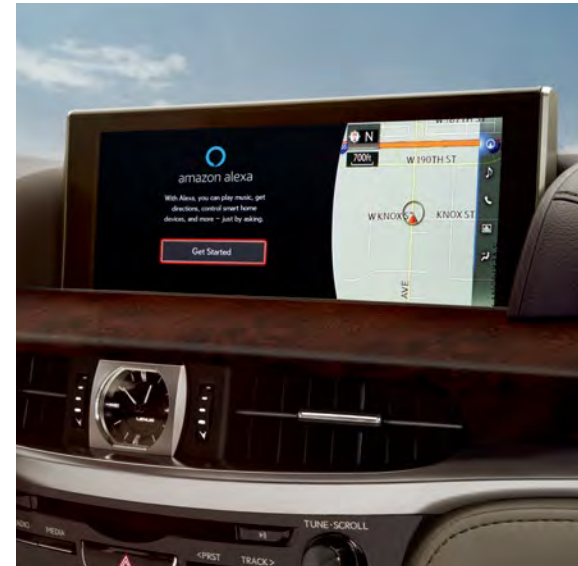

Hill-start Assist Control¹¹ (HAC) helps to increase driver confidence when ascending hills. While stopped on an incline, conventional vehicles may roll back once you step off the brake. The innovative HAC system helps maintain the vehicle's position by automatically applying the brakes to all four wheels until the vehicle begins moving forward.

LX shown with Linear Espresso wood interior trim

With new Amazon Alexa¹³ compatibility, you can enjoy the personalized convenience of your in-home assistant on the road. And with Lexus Enform¹⁴ smartwatch functionality,¹⁵ Lexus Safety System+³ and premium features such as four-zone climate control and available Mark Levinson^{®16} audio, the LX delivers innovation for the entire family to see and feel.

ULTIMATE CONNECTIVITY

Added convenience and smartwatch remote-start functionality combine in our most advanced LX yet.

LX shown with available Cabernet semi-aniline leather and Linear Espresso wood interior trim

SURROUND YOURSELF WITH INTELLIGENCE

NAVIGATION SYSTEM WITH 12.3-INCH MULTIMEDIA DISPLAY

Among the largest split screens in its class,⁶ the 12.3-inch high-resolution multimedia display provides immediate, simultaneous access to audio or climate controls and various systems, including the voice-activated Navigation System.¹⁷ With subscription-free Traffic and Weather updates,¹⁸ getting to your destination is easier than ever.

LEXUS ENFORM

Lexus Enform¹⁴ elevates connected technology and provides concierge-level convenience. From a live response center agent and new Amazon Alexa¹³ compatibility to the ability to start your engine remotely¹⁵ using your smartphone, smartwatch, the Lexus skill on Amazon Alexa built-in devices, or the Lexus Action on Google with your Assistant-enabled devices,¹⁹ our premium suite of connected technology offers peace of mind with every drive.

MARK LEVINSON^{®16} REFERENCE SURROUND SOUND AUDIO SYSTEM

Engineered by a company world-renowned by audiophiles, the available 450-watt Mark Levinson^{®16} Reference Surround Sound Audio System was tuned for more than 4,000 hours to optimize the acoustics of the vehicle. As a result, it features 19 speakers and enough clarity for listeners to identify the spatial position of each instrument in play.

DUAL-SCREEN REAR-SEAT ENTERTAINMENT SYSTEM

The available dual-screen Rear-Seat Entertainment System²⁰ enables two video sources to be viewed at the same time on LCD screens behind the front headrests. For your convenience, a wireless remote, wireless headphones²¹ and an AC power outlet are also included.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.²² Learn more about these services at lexus.com/specialists.

NEXT-LEVEL CONVENIENCE

Take in a bird's-eye view or an under-vehicle POV, with future-focused technologies only a command away.

PANORAMIC VIEW MONITOR

Designed to help drivers avoid potential obstacles and make parking more convenient, the Panoramic View Monitor²³ uses four high-resolution cameras to create a composite image of the vehicle's near surroundings. Pairing the monitor's wide front view and side view with backup view²⁴ or wide back view, it assists with parking and maneuvering in hard-to-see areas in real time.

COLOR HEAD-UP DISPLAY

The available full-color Head-Up Display can project key information about your audio, speed, current gear and rpm onto the windshield. Display information can be adjusted to suit the driver.

MULTI-TERRAIN MONITOR

Operated with the Panoramic View Monitor²³ and harnessing the added visibility of a virtual under-vehicle camera, the Multi-Terrain Monitor²⁵ can check terrain and tire location underneath the LX during demanding off-road⁴ excursions. Displaying dynamic information like tilt gauge and wheelspin, the Multi-Terrain Monitor works with Multi-Terrain Select to keep the driver informed of the vehicle's immediate surroundings and off-road conditions.

BLIND SPOT MONITOR WITH REAR CROSS-TRAFFIC ALERT

To help you change lanes with added confidence, the Blind Spot Monitor²⁶ is designed to detect and warn you of vehicles approaching or positioned in the adjacent lanes. And for added peace of mind, Rear Cross-Traffic Alert²⁷ can help you when backing out of a parking space by notifying you of approaching vehicles it detects from either side.

PEACE OF MIND, STANDARD

Presenting Lexus Safety System+, an integrated suite of the most advanced active safety equipment ever offered on the LX.³

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system²⁸ is engineered to help detect a vehicle or a pedestrian in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it's designed to automatically prepare Brake Assist²⁹ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT

This system³⁰ utilizes a high-resolution camera to monitor visible lane markings and determine the vehicle's position within a lane. If an inadvertent lane departure, or potential departure due to swaying, is detected at speeds above 32 mph, the system attempts to alert the driver with audible and visual warnings and steering-wheel vibrations.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system³¹ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams³² offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

LEXUS SAFETY SYSTEM +

LX shown in Black Onyx

LX STYLES

LX TWO-ROW

Standard features on every LX:

- A Premium Triple-Beam LED headlamps
- B Power moonroof
Aluminum roof rails³³
Integrated tow hitch receiver²
Power rear door
Running boards with integrated courtesy lights
Auto-dimming inside and outside mirrors
Outside mirrors with puddle lights
SmartAccess^{34,35} with push-button Start/Stop
- C Adaptive Variable Suspension
Active Height Control
Crawl Control¹²
Turn Assist
Lexus Memory System for driver's seat (except lumbar), outside mirrors and steering wheel
Perforated leather-trimmed interior
Power tilt-and-telescopic steering-wheel column
14-way heated power driver's seat (including dual-function lumbar and cushion extender) with memory, and 12-way heated front passenger seat (including lumbar) with memory
Power-sliding, 60/40-split second-row seat with 40/20/40-split seatback
120V AC power outlet³⁶ in cargo area
Tonneau cover (LX 570 two-row)
Four-zone automatic climate control
Nine-speaker Premium Sound System
Subscription-free Traffic and Weather updates via HD Radio^{TM18}
Navigation System¹⁷ with 12.3-inch multimedia display
HomeLink^{®37} system
Voice Command
Siri[®] Eyes Free³⁸
Bluetooth^{®39} and USB⁴⁰ smartphone connectivity
Lexus Enform App Suite⁴¹
Amazon Alexa¹³ compatibility
Lexus Enform Safety Connect⁴² and Service Connect.⁴³ Included for the first 10 years of ownership.

Lexus Enform Remote.¹⁵ Accessible via Lexus app; works with Amazon Alexa¹³ and Google Assistant.¹⁹ Included for the first year of ownership.

Lexus app (Enform Remote engine start, service scheduling, Vehicle Health Reports/Alerts, and more)

Lexus Enform Destination Assist.⁴⁴ Included for the first year of ownership.

Lexus Safety System+³ (Pre-Collision System with Pedestrian Detection,²⁸ Lane Departure Alert,³⁰ All-Speed Dynamic Radar Cruise Control,³¹ and Intelligent High Beams³²)

Blind Spot Monitor²⁶ with Rear Cross-Traffic Alert²⁷

10 airbags⁴⁵

Panoramic View Monitor²³

Multi-Terrain Monitor²⁵

Intuitive Parking Assist⁴⁶

Complimentary maintenance services.⁴⁷ (Please refer to the *Warranty and Services Guide* for details.)

LX THREE-ROW

Includes LX two-row features, plus:
Power-folding 50/50-split third-row seats

PACKAGES

LUXURY PACKAGE

Perforated semi-aniline leather-trimmed interior
Heated and ventilated front- and second-row outboard seats
Four-zone Climate Concierge
Projector Door Lamps
Heated wood- and leather-trimmed steering wheel

DISCLOSURES

WARRANTY Four-year/50,000-mile Lexus Limited Warranty, Six-year/70,000-mile Powertrain Warranty, Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *LX Warranty and Services Guide* at your Lexus dealer for details.

1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **2.** Before towing, confirm your vehicle and trailer are compatible, hooked up properly and you have any necessary additional equipment. If gross trailer weight is above 5,000 lb (2,268 kg), it is necessary to use a weight-distributing hitch with sufficient capacity. Do not exceed any Weight Ratings and follow all instructions and cautions from your trailer-hitch manufacturer and vehicle *Owner's Manual*. The maximum amount you can tow depends on the total weight of any cargo, occupants and available equipment. **3.** Lexus Safety System+ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See *Owner's Manual* for additional limitations and details. **4.** The LX 570 is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Lexus encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. **5.** Eminent White Pearl available for an additional charge. **6.** 2021 LX vs. 2020/2021 competitors. Information from manufacturers' websites as of 6/23/2020. **7.** Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. **8.** Based on Stock Full class victories as of 4/2/2020. **9.** Trailer Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **10.** Torsen® is a registered trademark of JTEKT Torsen, Inc. **11.** Hill-start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **12.** Crawl Control is designed for driving on difficult terrain at low speeds and assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. See *Owner's Manual* for additional limitations and details. **13.** Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Certain functions require adequate signal strength and/or smartphone technology/connectivity. Not all Amazon Alexa functionality is available for in-vehicle use. See applicable app for details. Download of the Lexus+Alexa app is required to begin in-vehicle use of Alexa. Data charges may apply for certain functions. Apps and services subject to change at any time without notice. To learn more, go to <https://www.lexus.com/enform>. To learn more about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **14.** Lexus Enform services depend on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Lexus' control, all of which can limit system functionality or availability, including access to response center and emergency support. Service may vary by vehicle and region. Subscription required after trial. Terms of Use apply. Data charges may apply. Apps and services subject to change at any time without notice. See [lexus.com/enform](https://www.lexus.com/enform) for details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **15.** Stolen Vehicle Locator. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Enform Remote depends on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Lexus' control, which can limit system functionality and availability. Service may vary by vehicle and region. Registration and app download required. Subscription required after trial. Terms of Use apply. Data charges may apply. Services subject to change at any time without notice. See usage precautions and service limitations in *Owner's Manual*, and see [lexus.com/enform](https://www.lexus.com/enform) for additional details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **16.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **17.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Functionality, availability and accuracy of information provided by the system depend on many factors, and service may not be available in every location. Use common sense when relying on information provided. Services and programming subject to change. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for additional limitations and details. **18.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **19.** Google is a trademark of Google LLC. Always drive safely and obey traffic laws. Functionality depends on many factors outside of Lexus' control. Actions and services subject to change at any time without notice. To learn more, go to [lexus.com/enform](https://www.lexus.com/enform). To learn more about Lexus' data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **20.** A single-disc DVD player is included. A separate DVD player or game system utilizing the center console's video/audio inputs is required in order to use the split-screen function of the dual-screen system. **21.** Headphones are for passenger use only. **22.** FaceTime is a registered trademark of Apple Inc. All rights reserved. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **23.** The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **24.** The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **25.** The Multi-Terrain Monitor view is limited and can be affected by environmental conditions. See *Owner's Manual* for additional limitations and details. **26.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. **27.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **28.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **29.** Brake Assist is designed to help the driver take advantage of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, and tire and road conditions. See *Owner's Manual* for additional limitations and details. **30.** Lane Departure Alert is designed to read visible lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **31.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **32.** Intelligent High Beams operate at speeds above 21 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **33.** Roof rails not recommended for luggage. **34.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **35.** The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Lexus dealer can help or you can go to www.alo.org to find a qualified locksmith in your area who can perform high-security key service. **36.** Rated for 120 volts, 100 watts. See *Owner's Manual* for additional limitations and details. **37.** HomeLink and the HomeLink® house icon are registered trademarks of Genex Corporation. **38.** Always focus on the road while driving. Siri is available on select iPhone/iPad models and requires Internet access. Siri is not available in all languages or all areas and features vary by area. Some Siri functionality and commands are not accessible in the vehicle. See Apple.com and phone carrier for details. Data charges may apply. Siri is a registered trademark of Apple Inc. **39.** The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **40.** May not be compatible with all mobile phones, MP3/WMA players and like models. **41.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See [lexus.com/enform](https://www.lexus.com/enform) for details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **42.** Lexus Safety Connect depends on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Lexus' control, all of which can limit system functionality or availability, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Registration required. Subscription required after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. Service may vary by vehicle and region. See usage precautions and service limitations in *Owner's Manual*, and see [lexus.com/enform](https://www.lexus.com/enform) for additional details. To learn about Lexus' data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **43.** Information provided is based on the last time data was collected from the vehicle and is not real-time data. Service Connect depends on an operative telematics device, a cellular connection, GPS signal strength, and other factors outside of Lexus' control, which can limit functionality or availability. Service may vary by vehicle or region. Registration required. Subscription required after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. See usage precautions and service limitations in *Owner's Manual* and [lexus.com/enform](https://www.lexus.com/enform) for additional limitations and details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **44.** Destination Assist depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Lexus' control, which can limit system functionality or availability. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Subscription required after trial. Services subject to change at any time without notice. Terms of Use apply. Data charges may apply. See *Owner's Manual* and [lexus.com/enform](https://www.lexus.com/enform) for additional limitations and details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **45.** Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **46.** Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **47.** Lexus provides complimentary maintenance for your first two scheduled visits. To obtain these services, contact your Lexus dealership. Complimentary services applicable for new Lexus vehicle registered owners and service intervals may vary, depending on model. Please refer to the *Warranty and Services Guide* for details. These services apply to Lexus vehicles registered and normally operated in the continental United States, U.S. territories and Canada. **48.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers. **49.** EPA-estimated MPG. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. **50.** For accessories purchased at the time of the new-vehicle purchase, the Lexus Accessory Warranty coverage is in effect for 48 months/50,000 miles from the vehicle's in-service date, which is the same coverage as the new-vehicle Basic Warranty. For accessories purchased after the new-vehicle purchase and installed by a Lexus dealer, the coverage is 12 months for the parts and labor, regardless of mileage, from the date of purchase. Refer to your Lexus Accessory Limited Warranty or documentation that accompanies accessory purchase for coverage and conditions. **51.** Warranty honored at all Lexus dealerships nationwide excluding Hawaii. **52.** This floor liner or floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner or mat must be secured with its fasteners. Do not install a floor liner or mat on top of an existing floor liner or mat. **53.** Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **54.** Genuine Lexus Paint Protection Film by 3M™ is designed for specific sections of the vehicle most prone to chipping and may vary depending on vehicle model. Select applications may require an additional charge. Lexus Genuine Accessory Warranty only applies when installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **55.** Do not overload your vehicle. See *Owner's Manual* for weight limits and restrictions. **56.** Ball mount, trailer ball and tow hitch sold separately. Please consult your Lexus dealer or *Owner's Manual* for towing and load specifications. Some models require factory tow package option. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of publishing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Vehicles shown may be prototypes, shown using visual effects and/or shown with options. Actual models may vary. Colors depicted may vary based on multiple factors, including ambient lighting and the format in which they are being viewed (e.g., computer, mobile device, or print). See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in your car, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
