

RC/RC F

2021

Can less weight lead to
more excitement?

Can the curves of a seat change the
way you experience the curves of a road?

Can your perspective completely
shift in 3.96 seconds?

To craft the most amazing
machines, you don't start
with machines at all.
You start with people.

The 2021 Lexus RC and RC F

RC 300

This bold luxury sport coupe touts an aggressive body style, a highly responsive 2.0-liter turbocharged engine delivering 241 horsepower,¹ a 7.3-second 0-60 time^{1,2} and an eight-speed Sport Direct-Shift transmission. For added connectivity, every RC model also features Android Auto™³ functionality. Rear-wheel drive (RWD).

RC 300 AWD

Assertive styling and the added comfort of heated front seats meet full-time all-weather performance, a powerful 260-horsepower¹ 3.5-liter V6 engine, a 6.3-second 0-60 time^{1,2} and a six-speed transmission with paddle shifters. All-wheel drive (AWD).

RC 350

Experience athletic performance with a highly rigid body and lateral performance damper (RWD), a powerful 311-horsepower¹ 3.5-liter V6, a 5.8-second 0-60 time (RWD)^{1,2} and an eight-speed Sport Direct-Shift (RWD) or six-speed (AWD) transmission with paddle shifters. Available rear-wheel drive or all-wheel drive.

RC F SPORT MODELS

Each model can be taken to the next level with more aggressive styling, plus a more dynamic F SPORT-tuned Adaptive Variable Suspension and an exclusively available Torsen®⁴ limited-slip rear differential (RWD). Additional upgrades include front sport seats with enhanced bolsters, performance-inspired instrumentation and 19-inch alloy wheels.⁵

RC F SPORT shown in Infrared⁶ (left), RC shown in Atomic Silver (right)

RC F FUJI SPEEDWAY EDITION

Taking the high-performance RC F to the extreme, the RC F Fuji Speedway Edition accelerates from 0-60 mph in a mere 3.96 seconds.⁷ It achieves a class-leading power-to-weight ratio⁸ with high-strength and lightweight components like titanium mufflers and a carbon fiber fixed rear wing, hood, roof, front spoiler, rocker-panel splitters and rear diffuser. Combining aggressive style and raceway performance, it adds forged alloy wheels by BBS,⁹ class leading standard carbon-ceramic brakes^{9,10} and new exclusively available Cloudburst Gray⁶ and Arctic Blast Satin⁶ exterior colors.

RC F

Experience a powerful 472-horsepower¹ 5.0-liter V8 and eight-speed Sport Direct-Shift transmission with Manual-mode torque converter lockup in gears two through eight. The RC F also features Launch Control¹¹ for lightning-fast acceleration off the line and an F-Adaptive Variable Suspension with adjustable damping. For aerodynamic performance, you'll also find a speed-activated rear wing. Inside, it features Amazon Alexa¹² compatibility. And with added Android Auto^{TM13} functionality, there are more ways than ever to stay connected on the go.

RC F Fuji Speedway Edition shown in Cloudburst Gray⁶ (left), RC F shown in Ultrasonic Blue Mica 2.0⁶ (right)

RC

RC shown in Atomic Silver

RC F SPORT shown in Ultra White[®] with White NuLuxe[®] and Dark Gray Streamline interior trim

RC F

The RC F's Carbon Package features exclusive carbon fiber components, fabricated at the same workshop used to develop those on the world-renowned LFA supercar. With distinctive style and the same structural rigidity as standard steel components, the carbon fiber roof and speed-activated rear wing help increase vehicle stability at higher speeds for more responsive handling.

RC F shown in Ultra White[®]

RC F Fuji Speedway Edition shown in Arctic Blast Satin⁶

HEART-RACING PERFORMANCE

From the RC and RC F SPORT models to the high-performance RC F and RC F Fuji Speedway Edition, every dose of adrenaline is more powerful than the last.

From the turbocharged RC 300 to the dynamic RC 300 F SPORT models, the RC puts peak responsiveness at your fingertips. The V6-powered RC 300 AWD and RC 350 deliver 260 and 311 horsepower,¹ respectively. A highly rigid platform, double wishbone-type front suspension and multilink rear suspension provide crisp turn-in and poise through curves. And for those craving more exhilaration, the RC F and RC F Fuji Speedway Edition feature a potent 472-horsepower¹ 5.0-liter V8 that's the largest engine in its class.⁸

RC shown in Atomic Silver

THE RC & RC F SPORT

VISCERAL POWER

RC 300

The RC 300 pairs an eight-speed Sport Direct-Shift automatic transmission with a 241-horsepower¹ twin-scroll turbocharged in-line four-cylinder engine. This highly responsive RC 300 is also easy on fuel consumption, with a 31-MPG highway EPA estimate.¹⁴ Meanwhile, the rear-wheel drive RC 300 F SPORT features a specially tuned Adaptive Variable Suspension and an available Torsen^{®4} limited-slip rear differential that maximizes your ability to power out of corners.

RC 300 AWD

The RC 300 AWD pairs a six-speed automatic transmission with a 260-horsepower¹ 3.5-liter V6. Featuring Variable Valve Timing with intelligence, the engine is designed to provide added torque at lower speeds and greater horsepower at higher speeds.

RC 350 / RC 350 AWD

Boasting direct and port fuel injection and an awe-inspiring sound reminiscent of the LFA supercar, the 3.5-liter V6 delivers 311 horsepower.¹ The all-wheel drive RC 350 features a six-speed automatic transmission, while the rear-wheel drive model is equipped with an eight-speed Sport Direct-Shift transmission. And in the rear-wheel drive F SPORT, you'll find a specially tuned Adaptive Variable Suspension and an available Torsen^{®4} limited-slip rear differential. It also offers class-exclusive Dynamic Rear Steering,¹⁵ which adjusts the angle of the rear wheels by up to two degrees to help provide optimal agility and stability.

ALL-WHEEL

DRIVE

Make the most of every commute with the enhanced control delivered by the all-wheel drive system on equipped models. By monitoring current conditions, the rear-biased system automatically distributes engine power from 30/70 to up to 50/50 between the front and rear axles to help provide optimum traction—even in inclement weather or on less-than-ideal road surfaces.

Torque split up to

50/50

RC F & RC F FUJI SPEEDWAY EDITION UNPARALLELED PERFORMANCE

Touting the largest engine and the only naturally aspirated V8 in its class,⁸ the RC F delivers performance as breathtaking as its design.

An unprecedented feat of precision engineering, the RC F delivers powerful torque, agile handling and an impressive differential gear ratio for lightning-fast acceleration. It also features a track-ready technology called Launch Control¹¹ that allows the driver to hold the optimal rpm for launch. The throttle control within this sophisticated system helps eliminate wheelspin and maximize grip, propelling the vehicle virtually instantaneously. And making its V8 even more stirring, the RC F emits throaty, specially tuned intake and exhaust notes as it screams to its blistering 7,300-rpm redline.

Infused with the DNA of the RC F GT3 racecar (right),¹⁶ the 2021 RC F brings you even closer to the track with the RC F Fuji Speedway Edition. Named after the world-renowned “Temple of Speed” in the foothills of Mount Fuji—the birthplace of Lexus high-performance—this unique edition embodies decades of development on this iconic track. Individually numbered between 1 and 60, it comes equipped with lightweight components, like a carbon fiber rear wing, front spoiler, roof and hood, as well as titanium mufflers. And it boasts an even lower center of gravity that further reduces rotational inertia.

Experience the result of the Fuji Speedway Edition’s massive weight savings: a best-in-class power-to-weight ratio⁸ with added responsiveness and enhanced torque that combine to propel it from 0 to 60 in a mere 3.96 seconds.⁷

3.96
0-60 MPH (SEC)
RC F FUJI SPEEDWAY EDITION

RC F shown in Ultrasonic Blue Mica 2.0⁶

RC F & RC F FUJI SPEEDWAY EDITION

LIGHTWEIGHT MATERIALS.

GROUNDBREAKING AGILITY.

Every aspect scrutinized to push performance to its limits.

The greatest measure of a vehicle's response is the one it invokes in the driver. And it's precisely why every element of the high-performance RC F is painstakingly scrutinized to minimize weight while maximizing aerodynamics—and excitement. From hollow half shafts down to the smallest components, like a compact air conditioning compressor, every gram was purposefully shaved for optimal performance. Lexus engineers worked with the RC F GT3 racing team to create a unique aerodynamics strategy that increases downforce for better grip and control through every turn. Even the airflow inside the wheel wells was carefully calculated. Air exits through the fenders, allowing the suspension to perform without disruptive air pressure, simultaneously enhancing handling and stability. And taking traction to the next level, each tread line on the RC F's Michelin® Pilot® Sport 4 S tires¹⁷ features a specially developed compound to maximize grip.

TRACK-TUNED SUSPENSION

Lightweight aluminum front suspension components and a highly rigid chassis deliver responsive handling on every RC F.

AERODYNAMIC FRONT SPOILER

More commonly found on the raceway than the highway, a uniquely designed front spoiler lowers air pressure under the vehicle for maximum grip.

BRAKE-COOLING PERFORMANCE

While engine cooling has been optimized through larger openings in the front fascia, the grille also channels air to the Brembo®¹⁸ brakes with massive six-piston calipers to help reduce brake fade.

MICHELIN PILOT SPORT 4 S TIRES

Specially developed for the RC F to maximize dry grip, these tires resulted in a lap time on the development circuit that was a full second faster than the standard test vehicle.

SPEED-ACTIVATED REAR WING

The rear wing automatically activates at highway speeds for improved aerodynamics.

REAR DIFFUSER

Located in the center of the rear bumper, the rear diffuser accelerates airflow under the vehicle to create more downforce.

RC F shown in Ultra White⁶

With the sleek form and aggressive stance of the RC, the high-back sport seats and carbon fiber components of the RC F and the evocative available Premium Triple-Beam LED headlamps and taillamps of both, the RC and RC F are exhilarating inside and out.

HEAD-TURNING DESIGN

With daring styling and race-inspired components, the RC and RC F are striking from every angle.

RC F shown in Flare Yellow⁶

With a distinctive coupe body style that boasts sculpted lines and a wide, low stance, the 2021 RC line seamlessly balances eye-catching design with exhilarating performance.

The F SPORT takes style further with exclusive front sport seats. Featuring a unique foam-injected construction and enhanced bolsters designed to hold you tightly through aggressive turns, their low position helps place the driver's hip point as close as possible to the vehicle's center of gravity for a more dynamic driving experience.

RC & RC F SPORT
*DISTINCTIVE STYLE—
INSIDE AND OUT*

Experience daring design that demands attention at every turn.

The design of the RC echoes its dynamic performance. In front, a bold fascia and evocative headlamps announce its arrival, while strong character lines sweep toward its dramatic rear valance and LED taillamps. Inside, you'll find a performance cockpit that envelops the driver and passengers in stunning craftsmanship, with Linear Espresso and Linear Dark Mocha wood accents, meticulous stitching and more.

RC F COMMAND AND CONTROL

With bolstered high-back sport seats and track-ready components, the RC F holds drivers as tightly as it holds curves.

For optimal performance and control, exclusive F-badged high-back sport seats embrace you from hip to shoulder. Their unique design is constructed to disperse body pressure, increase support and help hold you firmly through turns. The stitching pattern on the seats was inspired by specially crafted athletic sportswear and is carefully calculated to help provide greater support and grip in high-G situations. Inside, bold digital instrumentation displays everything from the G-force meter to Launch Control¹ status. And to bring you even closer to the road, the RC F's lightning-fast eight-speed Sport Direct-Shift transmission with downshift rev-matching features optimally positioned paddle shifters for split-second upshifts all the way to its 168-mph top track speed.^{1,2}

The carbon fiber fixed rear wing of the RC F Fuji Speedway Edition is as functional as it is striking. After countless hours of working with the RC F GT3 development team, Lexus engineers found the perfect balance that increases downforce while simultaneously reducing the drag coefficient.

RC F shown with Apple CarPlay^{®19} integration and Circuit Red and Black leather interior trim

FORWARD-THINKING TECHNOLOGY

Apple CarPlay integration. Android Auto. Mark Levinson[®] surround sound. Experience the latest innovation at your fingertips.

The RC and RC F don't just connect you to the road—they connect you, period. In addition to Android Auto^{TM3} and Amazon Alexa¹² compatibility, both models offer a large 10.3-inch high-resolution split-screen multimedia display with full-screen map view. For added convenience, you can start your engine remotely²⁰ with your smartwatch. And, to help you unlock a deeper appreciation of sound, the available 17-speaker, 835-watt Mark Levinson^{®21} Premium Surround Sound Audio System enables you to hear your music in its purest, highest fidelity.

THE CENTER OF IT ALL WITH YOU AT THE CENTER

With all the latest technology at your fingertips, you can focus on what matters most—the road ahead.

AMAZON ALEXA

Bring all the convenience of Amazon Alexa¹² on the road with the Lexus+Alexa¹² app. Using only your voice, you can easily access thousands of the same functions you get with Alexa at home. Listen to audiobooks, stream Amazon Music,¹² make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices²² such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa can even sync to your Navigation System²³ or provide on-the-go directions via the Waze^{TM24} app on compatible devices.

APPLE CARPLAY

With Apple CarPlay^{®19} integration, you can access the same familiar interface from your iPhone^{®25} through the vehicle's multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri,^{®26} and get access to your favorite apps like Waze, Spotify[®] and Apple Audiobooks.^{TM27}

ANDROID AUTO

With Android Auto,^{TM3} you can now seamlessly cast your device's interface onto the vehicle's multimedia display. Play your music via your favorite apps such as Spotify and Pandora,[®] send messages through a range of commonly used apps like WhatsApp,^{®28} navigate with Google Maps²⁹ and request information—all with your voice. Just say "Hey Google" to get started. For added convenience, Android Auto can also help shorten your commute by automatically finding alternate routes if it detects heavy traffic.

MARK LEVINSON[®] AUDIO

The available 17-speaker, 835-watt Mark Levinson^{®21} Premium Surround Sound Audio System features patented, proprietary Clari-Fi^{®21} technology that restores audio quality from compressed music, resulting in crisp, clear, dynamic sound from almost any source. This, combined with technology designed to create an expansive "sweet spot" of audio, envelops every passenger in three-dimensional sound that rivals the finest home audio systems.

LEXUS ENFORM

Lexus Enform³⁰ elevates connected technology and provides concierge-level convenience. From emergency assistance and available onboard Wi-Fi³¹ to the ability to start your engine remotely²⁰ using your smartphone, smartwatch, the Lexus skill on Amazon Alexa built-in devices, or the Lexus Action on Google with your Assistant-enabled devices,²⁹ our premium suite of connected technology offers peace of mind with every drive.

INTUITIVE PARKING ASSIST

Available Intuitive Parking Assist³² utilizes inconspicuous sensors integrated into the front and rear bumpers that are designed to detect surrounding objects. Using audible tones and an indicator on the multimedia display, the system can notify you of a detected object's location and proximity, helping with routine tasks like parallel parking.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.^{®33} Learn more about these services at lexus.com/specialists.

PEACE OF MIND, STANDARD

Presenting Lexus Safety System+, an integrated suite of class-leading standard active safety equipment.^{8,15,34}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system³⁵ is engineered to help detect a vehicle or a pedestrian in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it's designed to automatically prepare Brake Assist³⁶ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system³⁷ utilizes a camera to monitor visible lane markings. If an inadvertent lane departure is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

HIGH-SPEED DYNAMIC RADAR CRUISE CONTROL

This system³⁸ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. If you get closer than the preset distance, the throttle is automatically reduced and the brakes may be applied. As soon as the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams³⁹ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

RC STYLES

RC 300

Standard features:

241-horsepower¹ turbo with eight-speed paddle-shift transmission

Rear-wheel drive

Drive Mode Select

Lateral performance damper (RWD)

Steering-wheel-mounted paddle shifters

Vehicle Dynamics Integrated Management⁴⁰

Lexus Multimedia System⁴¹ with 7.0-in color display

Lexus Enform Wi-Fi.³¹ 4GB/three-month trial is included.

Lexus Enform Safety Connect⁴² and Service Connect.⁴³ Included for the first three and 10 years of ownership, respectively.

Lexus Enform Remote.²⁰ Accessible via Lexus app; works with Amazon Alexa¹² and Google Assistant.²⁹ Included for the first three years of ownership.

Bluetooth^{®44} and USB⁴⁵ smartphone connectivity

Voice Command

Apple CarPlay^{®19} integration

Amazon Alexa¹² compatibility

Android Auto^{TM3} integration

Lexus app (Enform Remote²⁰ engine start, service scheduling, Vehicle Health Reports/Alerts and more)

Color multi-information display

10-speaker Premium Sound System

Dual-zone climate control with interior air filter, smog sensor and automatic recirculation mode

10-way power-adjustable driver's seat (including lumbar).

Eight-way power-adjustable front passenger's seat and 60/40-split fold-down rear seats.

SmartAccess^{46,47} with push-button Start/Stop

Lexus Safety System+.³⁴ (Pre-Collision System with Pedestrian Detection.³⁵ Lane Departure Alert with Steering Assist,³⁷ High-Speed Dynamic Radar Cruise Control³⁸ and Intelligent High Beams³⁹)

Blind Spot Monitor⁴⁸ with Rear Cross-Traffic Alert⁴⁹

Bi-LED headlamps and LED taillamps

Backup camera⁵⁰

Eight standard airbags⁵¹

Complimentary scheduled maintenance services.⁵² (Please refer to the *Warranty and Services Guide* for details.)

RC 300 AWD

Includes RC 300 features, and adds or replaces:

260-horsepower¹ V6 with six-speed paddle-shift transmission

All-wheel drive

Heated front seats

RC 350

Includes RC 300 features, and adds or replaces:

311-horsepower¹ V6 with eight-speed paddle-shift transmission

Available rear-wheel or all-wheel drive

Cool-air intake

RC 300 F SPORT

Includes RC 300 features and Premium Package, and adds or replaces:

F SPORT-tuned Adaptive Variable Suspension with Sport S+ and Custom drive modes

Two-piece front brake rotors with high-friction brake pads¹⁰ (RWD)

F SPORT 19-in split-five-spoke alloy wheels with Dark Graphite finish and summer tires⁵

F SPORT heated and ventilated front seats with enhanced bolsters

F SPORT interior details including Dark Gray Streamline trim, aluminum pedals and black headliner

Perforated leather-trimmed shift knob and steering wheel with F SPORT logo

F SPORT exterior styling including unique front bumper and grille

Performance-inspired instrumentation with sliding bezel

Turbo-boost gauge

RC 300 F SPORT AWD

Includes RC 300 F SPORT features, and adds or replaces:

260-horsepower¹ V6 with six-speed paddle-shift transmission

All-wheel drive

Requires compatible smartphone connected with an approved data cable into the USB media port and data plan rates apply. Apps and services vary by phone carrier and are subject to change at any time without notice. Android and Android Auto are trademarks of Google LLC. **4.** Torsen[®] is a registered trademark of JTEKT Torsen, Inc. **5.** Tire life may be substantially less than mileage expectancy, depending on driving conditions. **6.** Arctic Blast Satin, Cloudburst Gray, Flare Yellow, Infrared, Ultrasonic Blue Mica 2.0 and Ultra White available for an additional charge. **7.** 0-60 in 3.96 seconds is applicable to the RCF Fuji Speedway Edition only. AMCI Testing Certified. **8.** 2021 RC F and RCF Fuji Speedway Edition vs. 2020/2021 competitors. Information from manufacturers' websites as of 6/25/2020. **9.** BBS is a registered trademark of BBS of America, Inc. **10.** High-friction brakes may require additional maintenance, be louder and have a shorter life than conventional brakes, depending on driving conditions. See the *Warranty and Services Guide* for more information. **11.** Launch Control is not intended for use on public roads or for repeated short interval use. See *Owner's Manual* for additional limitations and details. **12.** Amazon, Alexa, Amazon Music and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Certain functions require adequate signal strength and/or smartphone technology/connectivity. Not all Amazon Alexa functionality is available for in-vehicle use. See applicable app for details. Download of the Lexus+Alexa app is required to begin in-vehicle use of Alexa. Data charges may apply for certain functions. Apps and services subject to change at any time without notice. To learn more, go to <https://www.lexus.com/enform>. To learn more about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **13.** NuLuxe is a registered trademark of Toyota Motor Sales, U.S.A., Inc. **14.** EPA-estimated 21city/31hwy/25comb MPG estimates for 2021 Lexus RC 300 (RWD). Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. **15.** 2021 RC vs. 2020/2021 competitors. Information from manufacturers' websites as of 7/16/2020. **16.** Racecars are not available to public. RCF GT3 racecar shown. **17.** Tire life may be substantially less than mileage expectancy, depending on driving conditions. Michelin and Pilot Sport are registered trademarks of Michelin North America, Inc. **18.** Brembo is a registered trademark of Freni Brembo S.p.A. High-friction brakes may require additional maintenance, be louder and have a shorter life than conventional brakes, depending on driving conditions. See the *Warranty and Services Guide* for more information. **19.** Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay[®] functionality requires a compatible iPhone[®] connected with an approved data cable into the USB media port. Apple CarPlay is a registered trademark of Apple Inc. **20.** Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Enform Remote depends on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Lexus' control, which can limit system functionality and availability. Service may vary by vehicle and region. Registration and app download required. Subscription required after trial. Terms of Use apply. Data charges may apply. Services subject to change at any time without notice. See usage precautions and service limitations in *Owner's Manual*, and see [lexus.com/enform](https://www.lexus.com/enform) for additional details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Enform Remote trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. Terms of Use apply. **21.** Mark Levinson and Clari-Fi are registered trademarks of Harman International Industries, Inc. **22.** Certain Alexa functionality is dependent on smart home technology. Skills and services subject to change at any time without notice. **23.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Functionality, availability and accuracy of information provided by the system depend on many factors, and service may not be available in every location. Use common sense when relying on information provided. Services and programming subject to change. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for additional limitations and details. **24.** Waze and related marks and logos are registered trademarks of Google LLC. **25.** iPhone is a registered trademark of Apple Inc. All rights reserved. **26.** Always focus on the road while driving. Siri is available on select iPhone/iPad models and requires Internet access. Siri is not available in all languages or all areas and features vary by area. Some Siri functionality and commands are not accessible in the vehicle. See Apple.com and phone carrier for details. Data charges may apply. Siri is a registered trademark of Apple Inc. **27.** Apple Audiobooks is a trademark of Apple Inc. All rights reserved. Spotify is a registered trademark of Spotify Technology Holding. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **28.** WhatsApp is a registered trademark of WhatsApp Inc. **29.** Google and Google Maps are trademarks of Google LLC. Always drive safely and obey traffic laws. Functionality depends on many factors outside of Lexus' control. Actions and services subject to change at any time without notice. To learn more, go to [lexus.com/enform](https://www.lexus.com/enform). To learn more about Lexus' data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. **30.** Lexus Enform services depend on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Lexus' control, all of which can limit system functionality or availability, including access to response center and emergency support. Service may vary by vehicle and region. Subscription required after trial. Terms of Use apply. Data charges may apply. Apps and services subject to change at any time without notice. See [lexus.com/enform](https://www.lexus.com/enform) for details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. Stolen vehicle police report required to use Stolen Vehicle Locator. **31.** Eligible vehicle and wireless service required. Coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to att.com/lexus for terms and conditions. Data usage and charges apply. Up to 5 devices can be supported using in-vehicle connectivity. Apps and services subject to change at any time without notice. The Enform Wi-Fi trial begins at the time of activation and expires when 4GB of data is used or when the 3-month period ends. Subscription required after trial. Terms and conditions apply. **32.** Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **33.** FaceTime is a registered trademark of Apple Inc. All rights reserved. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **34.** Lexus Safety System+ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See *Owner's Manual* for additional limitations and details. **35.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **36.** Brake Assist is designed to help the driver take advantage of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, and tire and road conditions. See *Owner's Manual* for additional limitations and details. **37.** Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **38.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **39.** Intelligent High Beams operate at speeds above 21 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **40.** Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **41.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. **42.** Lexus Safety Connect depends on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Lexus' control, all of which can limit system functionality or availability, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Registration required after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. Service may vary by vehicle and region. See usage precautions and service limitations in *Owner's Manual*, and see [lexus.com/enform](https://www.lexus.com/enform) for additional details. To learn about Lexus' data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Safety Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. **43.** Information provided is based on the last time data was collected from the vehicle and is not real-time data. Service Connect depends on an operative telematics device, a cellular connection, GPS signal strength, and other factors outside of Lexus' control, which can limit functionality or availability. Service may vary by vehicle or region. Registration required. Subscription required after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Service Connect depends on an operative telematics device, a cellular connection, GPS signal strength, and other factors outside of Lexus' control, which can limit functionality or availability. Service may vary by vehicle or region. Registration required. Subscription required after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. See usage precautions and service limitations in *Owner's Manual* and [lexus.com/enform](https://www.lexus.com/enform) for additional details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial. Service Connect renewal will be included when Safety Connect, Remote Connect, or Destination Assist connected service renewal is selected. Service Connect is not renewable as a stand-alone service. **44.** The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **45.** May not be compatible with all mobile phones, MP3/WMA players and like models. **46.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **47.** The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Lexus dealer can help or you can go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service. **48.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. **49.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **50.** The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **51.** Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **52.** Lexus provides complimentary maintenance for your first two scheduled visits. To obtain these services, contact your Lexus dealership. Complimentary services applicable for new Lexus vehicle registered owners and service intervals may vary, depending on model. Please refer to the *Warranty and Services Guide* for details. These services apply to Lexus vehicles registered and normally operated in the continental United States, U.S. territories and Canada. **53.** Dynamic Navigation and Dynamic Voice Command are dependent on an operative telematics device, a cellular connection, navigation map data, GPS signal strength, and other factors outside of Lexus' control, which can limit system functionality or availability. Services not available in every city or roadway. Use common sense when relying on information provided. Service may vary by vehicle and region. Registration is required. Subscription required after trial. Terms of Use apply. Data charges may apply. See *Owner's Manual* and [lexus.com/enform](https://www.lexus.com/enform) for additional limitations and details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Dynamic Navigation trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. **54.** Destination Assist depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Lexus' control, which can limit system functionality or availability. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Subscription required after trial. Services subject to change at any time without notice. Terms of Use apply. Data charges may apply. See *Owner's Manual* and [lexus.com/enform](https://www.lexus.com/enform) for additional limitations and details. To learn about Lexus Enform's data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacyvts/>. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. **55.** All Accessories (Genuine Lexus and F SPORT) installed at the time of retail vehicle delivery are warranted for the same time as the new-vehicle warranty (48 months/50,000 miles). Accessories purchased after retail vehicle delivery and installed by an authorized Lexus dealer are warranted for 12 months from date of purchase or installation, regardless of mileage, or the remainder of any applicable new-vehicle limited warranty, whichever is greater. Accessories purchased over the counter are covered for 12 months from the date of purchase. For all Accessories, refer to your accessory limited warranty or documentation that accompanies accessory purchase for coverage and conditions. **56.** Alcantara is a registered trademark of Alcantara S.p.A. **57.** EPA-estimated MPG. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. **58.** For accessories purchased at the time of the new-vehicle purchase, the Lexus Accessory Warranty coverage is in effect for 48 months/50,000 miles from the vehicle's in-service date, which is the same coverage as the new-vehicle Basic Warranty. For accessories purchased after the new-vehicle purchase and installed by a Lexus dealer, the coverage is 12 months for the parts and labor, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new-vehicle warranty, whichever provides greater coverage. Accessories purchased over the counter are covered for 12 months from the date of purchase. Refer to your Lexus Accessory Limited Warranty or documentation that accompanies accessory purchase for coverage and conditions. **59.** Warranty honored at all Lexus dealerships nationwide excluding Hawaii. **60.** This floor liner or floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner or mat must be secured with its fasteners. Do not install a floor liner or mat on top of an existing floor liner or mat. **61.** Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. **62.** Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **63.** Genuine Lexus Paint Protection Film by 3MTM is designed for specific sections of the vehicle most prone to chipping and may vary depending on vehicle model. Select applications may require an additional charge. Lexus Genuine Accessory Warranty only applies when installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of publishing, are subject to change without notice, and are for mainland U.S.A. vehicles only. **Vehicles shown may be prototypes, shown using visual effects and/or shown with options. Actual models may vary.** Colors depicted may vary based on multiple factors, including ambient lighting and the format in which they are being viewed (e.g., computer, mobile device, or print). See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
