Can more space make you more spontaneous?

Can a vehicle not just help you handle the road—but react to it?

Can a touchscreen keep you in touch with the world around you?
To craft the most amazing machines, you don’t start with machines at all. You start with people.

The 2022 Lexus RX

RX 450h AWD
Offering the best of all worlds, the 2022 RX Hybrid pairs a potent V6 engine with powerful electric motors for an impressive 308 total system horsepower1 and a 30-MPG combined estimate,2 along with all-wheel drive performance.

RX F SPORT MODELS
Take the RX 350 and RX 450h to the next level with bold interior and exterior styling, including exclusive bolstered sport seats, a lower front spoiler and 20-inch alloy wheels with Dark Graphite finish. For added exhilaration, the F SPORT models also offer a more advanced Adaptive Variable Suspension, enhanced steering and Sport S+ drive mode.

RX 350
With a dynamic front fascia, the RX 350 boasts a 295-horsepower 3.5-liter V6 engine with eight-speed automatic transmission. Every RX features a suite of premium technology, including Alexa3 compatibility, a touchscreen and available color Head-Up Display. As well as Android Auto™ integration and Lexus Safety System+ 2.0,5 which includes preceding pedestrian and bicyclist detection6 and Sport S+ drive mode.

RX 350L / RX 450hL AWD
Enjoy the RX in a sleek and stylish three-row configuration. Both models offer ample cargo space7 and third-row comforts that include power-folding seats and dedicated climate control. Seats six with captain’s chairs (standard on RX 450hL, available on RX 350L), six (second-row bench seating) standard on RX 350L). Front-wheel drive (standard on RX 350L) or all-wheel drive (standard on RX 450hL).
RX F SPORT AWD shown in Atomic Silver
RX shown with Glazed Caramel semi-aniline leather and Gray Sapele wood with Aluminum interior trim.
RX F SPORT shown in Ultra White™ with Circuit Red NuLuxe™ and Scored Aluminum interior trim.
RX shown in Nightfall Mica

From its expressive headlamps and taillamps to its bold character lines, every element of the 2022 RX is crafted to captivate.

EVOCATIVE STYLE

With a distinct floating roofline and unapologetic accents, the RX stirs your senses before you even get behind the wheel. Outside, you’ll find daring illumination with available Premium Triple-Beam LED headlamps that feature an eye-catching L shape, as well as sleek taillamps. Inside, the three-row RXL features uncompromised styling with added passenger capacity.
EXPAND YOUR EXPECTATIONS

Discover refined styling, comfort and a larger interior with the seven-passenger RX 350L.

While it boasts the same powerful stance, signature floating roofline and distinctive wraparound LED taillamps as the five-passenger RX, the RXL features one noteworthy addition: a power-folding third row. Crafted to impress as much for its seamless function as for its striking form, the RXL incorporates class-leading cargo space and seating for up to seven in the RX 350L and up to six in the RX 450hL.
With room for up to seven passengers in the RX 350L and six in the RX 450hL, you can take on all of life’s curves. Whether it’s taking a couple more kids to practice, driving your colleagues to lunch, or making room for your latest antiquing find, the three-row RXL offers more space for more spontaneity.

**POWER-FOLDING SEATS**
For easy access, simply lift and slide the second-row seat and step into the inviting third row. Plus, both the RX 350L and RX 450hL feature power-folding third-row seats with a 50/50 split for added versatility.

**CLASS-LEADING CARGO SPACE**
Even with the third row up, the RX 350L and RX 450hL both have more cargo space than our competitors. So you’ll have plenty of room for the weekend’s purchases—and then some. For added convenience, a Power Rear Door with Kick Sensor is also offered. Simply wave your foot under the rear bumper to open or close.

RXL shown in Iridium

**THREE ROWS. ENDLESS ADVENTURES.**

Embrace the unexpected with power-folding third-row seats and class-leading cargo space.
RXL shown with Parchment semi-aniline leather and Gray Sapele wood with Aluminum interior trim and captain’s chairs.

**SPACE FOR THE UNEXPECTED**

With available six- or seven-passenger seating, the RXL allows you to experience the ultimate luxury: flexibility.

Why take two cars when you can take one? The RX 350L and RX 450hL are designed to ensure everyone can come along for the ride. With available supple leather-trimmed seats, plenty of legroom and dedicated third-row climate control, the longer the road trip, the better.

**CAPTAIN’S CHAIRS**

Ready to take second-row comfort to first-class standards? Now you can, with luxurious available captain’s chairs. This configuration seats six and creates an aisle that accentuates the inviting feel of the cabin. Meanwhile, a tilt-and-slide seat feature makes access to the third row even more convenient.
DISTINCTIVE DESIGN

Crafted with attention to even the smallest details, the RX is filled with an abundance of unique extras to inspire and invigorate every occupant.

AMBIENT LED ILLUMINATION
Adding intrigue to the interior, available ambient LED lighting brightens and dims in a coordinated series to welcome the driver into the RX. Soft lighting also illuminates the area surrounding the vehicle the moment you approach, for added visibility and peace of mind.

HEATED AND VENTILATED SEATING
Taking luxury further, the available heated and ventilated front seats offer heaters and fans in the seat cushions to provide optimum comfort, regardless of the weather. Power-folding, heated rear outboard seats are also available in the RX 350 and RX 450h.

MULTI-ZONE CLIMATE CONTROL
Customize the climate around you. Individual settings allow the driver and front passenger to adjust their preferred temperatures. Plus, the RX 350L and RX 450hL feature dedicated climate control for passengers in the third row. To help ensure the cabin stays fresh, an available smog-sensing climate-control system automatically switches into recirculation mode if it senses high levels of pollutants outside.
THOUGHTFUL CRAFTSMANSHIP

A renowned eye for detail, precision-crafted Yamaha® wood accents and hand-selected leather trim come together to create an interior like no other.

Imagination meets innovation as handcrafted trim undergoes a meticulous process by expert takumi craftsmen. The available Yamaha Gray Sapele wood is created by the same artisans responsible for producing some of the world’s finest musical instruments. This artful trim marries the natural expression of fine wood with the clean sophistication of brushed aluminum as the opposing materials are layered upon each other. Laser technology then engraves the wood surface to reveal the metallic lines underneath. Elevating every drive, the RX 350 and RX 450h offer a perforated semi-aniline leather-trimmed interior and convenient power-folding and -reclining second-row seats. In addition, power-folding seats are standard in the third row of the RX 350L and RX 450hL.
 DRIVER-CENTRIC TECHNOLOGY

With Apple CarPlay integration, Android Auto, Alexa compatibility, a convenient touchscreen and much more, this is the most connected RX yet.
TECHNOLOGY

TECHNOLOGY

COMMAND CENTRAL, CENTERED AROUND THE DRIVER

Experience connected technology at your fingertips and the forefront of driver convenience.

ANDROID AUTO
With Android Auto, you can now seamlessly cast your device’s interface onto the vehicle’s touchscreen multimedia display. Play your music via your favorite apps such as Spotify® and Pandora®, send messages through a range of commonly used apps like WhatsApp®, send messages through a range of commonly used apps like WhatsApp®, send messages through a range of commonly used apps like WhatsApp®, send messages through a range of commonly used apps like WhatsApp®, send messages through a range of commonly used apps like WhatsApp®, and request information—all with your voice. Just say “Hey Google” to get started. For added convenience, Android Auto can also help shorten your commute by automatically finding alternate routes if it detects heavy traffic.

ALEXA
Bring all the convenience of Alexa® on the road with the Lexus app. Using only your voice, you can easily access thousands of the same functions you get with Alexa at home. Listen to audiobooks, stream Amazon Music, make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart home devices such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa can even sync to your Navigation System.

APPLE CARPLAY
With Apple CarPlay® integration, you can access the same familiar interface from your iPhone® through the vehicle’s touchscreen multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri®, and get access to your favorite apps like Waze®, Spotify and Apple Audiobooks.

POWER REAR DOOR WITH KICK SENSOR
The available Power Rear Door with Kick Sensor can be opened and closed using a button on the key fob, on the door lid, or next to the steering wheel. For added convenience when your hands are full, an available kick sensor allows you to open or close the door by simply waving your foot under the rear bumper.

PANORAMIC VIEW MONITOR
The RX offers passionate design with optimal visibility, as seen in the available Panoramic View Monitor. Four high-resolution cameras mounted on the front, sides and rear of the vehicle give drivers a bird’s-eye view of the near environment. Moving View and See-Through View options create a composite image of the vehicle’s surroundings as on-screen guides assist with parking and tight maneuvering.

LEXUS ENFORM
Lexus Enform™ elevates connected technology and provides concierge-level convenience. From emergency assistance and available onboard Wi-Fi to the ability to start your engine remotely using your smartphone, smartwatch, the Lexus Skill on Alexa devices, or using just your voice with Hey Google, our premium suite of connected technology offers peace of mind with every drive.

DELIVERY AND TECHNOLOGY SPECIALISTS
To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime. Learn more about these services at lexus.com/specialists.
PEACE OF MIND, STANDARD

Presenting Lexus Safety System+ 2.0, an integrated suite of class-leading standard active safety equipment.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION
By enhancing the radar and camera capabilities, it’s possible for the system to help detect not only the vehicle ahead, but also a preceding bicyclist or pedestrian in daytime and low-light conditions. Should it detect a potential frontal collision, the system can help automatically brake to help mitigate or avoid a collision.

LANE DEPARTURE ALERT WITH STEERING ASSIST
This system utilizes a camera to monitor visible lane markings. If an inadvertent lane departure is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

LANE TRACING ASSIST
When All-Speed Dynamic Radar Cruise Control is enabled, this hands-on system monitors visible lane markings or the path of the preceding vehicle to help the driver keep their vehicle centered in the lane by providing steering assistance. Designed for added convenience, the system can even be used in traffic and on highways with gradual curves.

ROAD SIGN ASSIST
This system uses a built-in camera to help provide road sign information in the instrument panel. In addition to displaying speed limit information, the system can alert you of certain detected signs you otherwise might have missed.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL
This system uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS
To help provide greater visibility for you as well as other drivers, Intelligent High Beams offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

LEXUS SAFETY SYSTEM + 2.0
RX shown in Atomic Silver
MARK LEVINSON PREMIUM SURROUND SOUND AUDIO SYSTEM

Unlock a deeper appreciation of sound with the available Mark Levinson® Premium Surround Sound Audio System. It features patented, proprietary Clari-Fi® technology that restores audio quality from compressed music, resulting in crisp, clear, dynamic sound from any source. This sophisticated system allows you to experience music in its purest, highest fidelity while enveloping you in three-dimensional sound that rivals the finest home audio systems. The result? A closer connection to every note that resonates throughout the cabin.

15 speakers
835 watts

R.X shown with Black semi-aniline leather and Gray Sapele wood with Aluminum interior trim
VERSATILE PERFORMANCE

From the fuel-efficient and high-performance hybrid to the available F SPORT, the RX turns heads and overturns convention.

Engineered to tap into the strength of a highly rigid chassis, the expertly tuned suspension delivers agile handling and a ride that’s as smooth as it is responsive. When combined with an array of performance features—including a transmission so intelligent it can increase torque at lower speeds for improved acceleration, Active Cornering Assist, lightning-fast paddle shifters on every model, and an available advanced Adaptive Variable Suspension that can monitor and adjust the shock absorber settings depending on conditions—the result is a vehicle that does more than run the show. It stops it.
PERFORMANCE

POWER

ON DEMAND

RX 350 AND RX 350L

Experience luxury that roars. A 3.5-liter V6 engine with direct and port fuel injection pairs exhilarating power with efficient fuel economy. Combined with a quick-shifting eight-speed transmission, and delivering 295 (RX 350) or 290 horsepower (RX 350L), both models offer dynamic performance to help you conquer every curve with added confidence.

For even greater control, an innovative dual Variable Valve Timing with intelligence (VVT-i) system offers precise engine performance as it helps reduce emissions and enhance fuel efficiency. VVT-i monitors the engine’s speed and load, increasing torque at lower speeds for enhanced acceleration and boosting performance at higher speeds by adjusting intake and exhaust valve timing.

RX shown in Atomic Silver
TWO POWER SOURCES.
UNCOMPROMISING PERFORMANCE.

Our most powerful RX combines a potent 3.5-liter engine with dynamic electric motors.

Take everything you love about the RX. Then give it more performance. And more efficiency. That’s the philosophy behind the RX 450h and RX 450hL, which boast a potent 3.5-liter V6 engine—paired with powerful electric motors and an Electronically controlled Continuously Variable Transmission—for a combined 308 total system horsepower, 30- and 29-MPG combined estimates respectively, instant torque delivery and AWD performance. All without requiring a charge. Both models also feature a Super Ultra-Low Emission Vehicle (SULEV) rating.

Craving more of an edge? The RX 450h F SPORT adds bold styling and offers an Adaptive Variable Suspension that takes exhilaration even further.
PERFORMANCE

ALL-WHEEL DRIVE

Available Dynamic Torque Control AWD doesn’t just handle the road, it reacts to it. Monitoring road conditions in real time, it automatically shifts engine power between front and rear axles, while 100% of the power goes to the front wheels during normal driving conditions for enhanced efficiency. And standard on the RX 450h and RX 450hL, electronic all-wheel drive features a rear electric motor that delivers instantaneous torque to the rear wheels when you need it, with no friction loss.
EXCLUSIVE PERFORMANCE DRIVE MODES

To help provide the highest level of responsiveness, the F SPORT offers exclusive drive modes. Sport S+ mode enhances steering and adjusts the Adaptive Variable Suspension, while Custom mode allows you to personalize everything from road feel to responsiveness. Further enhancing the excitement, an exclusive performance-inspired gauge cluster provides real-time information such as G-force metrics, power distribution and more.

In addition to more aggressive styling inside and out, the RX F SPORT’s exclusive features deliver even more control and exhilarating intensity. It boasts the same available Adaptive Variable Suspension found in the high-performance Lexus LC, allowing you to customize the shock absorber settings for improved ride comfort or reduced body lean as you enter and exit turns. The powerful V6 emits a throaty engine note when accelerating. And, putting thrilling performance right at your fingertips, paddle shifters offer lightning-fast upshifts and heart-racing, split-second downshifts.

F SPORT PERFORMANCE

With an enhanced available sport-tuned suspension from the high-performance LC and exclusive drive modes, the RX F SPORT is engineered to spark attention and adrenaline.
The bold F SPORT perspective is obvious throughout the driver-centric interior. In addition to exclusive race-inspired instrumentation and bold aluminum accents, you’ll find performance upgrades, including bolstered sport seats, a black headliner, a perforated leather-trimmed sport steering wheel and shift knob, plus aluminum pedals and more.

**F SPORT STYLING**

**F SPORT BOLSTERED SEATS**

Signature race-inspired F SPORT bolstered seats provide the ideal posture, control and visibility for enhanced driving performance. Featuring a unique foam-injected construction and designed to contour to the needs of the driver, their low position helps place the driver’s hip point as close as possible to the vehicle’s center of gravity for a more dynamic driving experience.

**20-INCH DARK GRAPHITE ALLOY WHEELS**

Punctuating the attitude of the aggressive exterior, exclusive F SPORT 20-inch Dark Graphite alloy wheels enhance the vehicle’s low, powerful stance.
RX STYLES

RX 350
Standard features:
- 295-horsepower V6 with eight-speed transmission
- Front-wheel drive or available all-wheel drive
- SmartAccess® with push-button Start/Stop
- Drive Mode Select
- Lexus Multimedia System™ with touchscreen display
- Lexus Enform Safety Connect™ included for the first three years of ownership.
- Lexus Enform Service Connect™ included for the first 10 years of ownership.
- Lexus Enform Wi-Fi 4G/LTE three-month trial is included.
- Lexus Enform Remote™ accessible via Lexus app; works with Alexa® and Hey Google® included for the first three years of ownership.
- Phone app (Enform Remote™ engine start, service scheduling, Vehicle Health Reports/Alerts and more)
- Alexa® compatibility
- Android Auto™ integration
- Apple CarPlay® integration
- Voice Command
- Bluetooth® and USB® smartphone connectivity
- Six USB ports
- Lexusnine-speaker Premium Sound System
- Dual-zone automatic climate control with interior air filter
- Leather-trimmed steering wheel with paddle shifters and shift knob
- NuLuxe® interior trim
- Power tilt-and-telescopic steering column
- Power-adjustable front seats
- 40/20/40 split folding, reclining second-row seat
- Auto-dimming inside mirror
- Power-adjustable and-folding auto-dimming heated outside mirrors
- Rain-sensing windshield wipers
- Power rear door
- Lexus Safety System™ 2.0 (Pre-Collision System with Pedestrian Detection®, Lane Departure Alert with Steering Assist®, Road Sign Assist®, All-Speed Dynamic Radar Cruise Control®, and Intelligent High Beams®)
- Blind Spot Monitor® with Rear Cross-Traffic Alert®
- Backup camera® with guidelines
- 10 airbags®
- Complimentary maintenance services. (Please refer to the Warranty and Services Guide for details.)

RX 450h AWD
Includes RX 350 features, and adds or replaces:
- 308-total-system-horsepower 1 V6 + Lexus Multistage Hybrid Drive with ECVT transmission
- All-wheel drive
- Concealed exhaust
- EV drive mode®
- Vehicle Dynamics Integrated Management®

RX 350 F SPORT
Includes RX 350 features and Premium Package, and adds or replaces:
- Front and rear performance dampers
- F SPORT front seats with enhanced bolsters
- F SPORT perforated leather-trimmed steering wheel and shift knob
- Performance-inspired instrumentation
- Scored Aluminum interior trim
- Aluminum pedals and door all-spool plates
- Black headliner
- LED ambient interior illumination
- F SPORT front fascia and mesh grille insert
- F SPORT front-fender and rear-door badges
- F SPORT rear valance
- Black outside mirrors
- F SPORT 20-in split-10-spoke alloy wheels with Dark Graphite finish

RX 350L
Includes RX 350 features, and adds or replaces:
- 290-horsepower V6 with eight-speed transmission
- Front-wheel drive or available all-wheel drive
- Power-folding and -reclining 50/50 split third-row seat
- Second-row armrest storage compartment with two USB® ports
- Three-zone climate control
- Aluminum roof rails®
- Concealed exhaust

RX 450h AWD
Includes RX 350L features, and adds or replaces:
- 308-total-system-horsepower 1 V6 + Lexus Multistage Hybrid Drive with ECVT transmission
- All-wheel drive
- EV drive mode®
- Vehicle Dynamics Integrated Management®

RX 450h F SPORT AWD
Includes RX 350 F SPORT features, and adds or replaces:
- 308-total-system-horsepower 1 V6 + Lexus Multistage Hybrid Drive with ECVT transmission
- All-wheel drive
- Concealed exhaust
- EV drive mode®
- Vehicle Dynamics Integrated Management®

RX 450hL AWD
Includes RX 350L features, and adds or replaces:
- 308-total-system-horsepower 1 V6 + Lexus Multistage Hybrid Drive with ECVT transmission
- All-wheel drive
- EV drive mode®
- Vehicle Dynamics Integrated Management®
- Second-row captain’s chairs®
PACKAGES

PREMIUM PACKAGE (RX)
Matte Walnut or Matte Bamboo wood interior trim
Lexus Memory System for power driver’s seat, outside rearview mirrors and steering wheel

PREMIUM PACKAGE (RXL)
