Lexus Multimedia System Updates

How To Download The Software Update From Your Computer

1 **Insert USB Flash Drive** in computer USB slot. USB Flash Drive must be **blank** and **2 GB** or larger.

2 Select **DOWNLOAD** at the bottom of the webpage.

3 Choose **Save** to download the file to the default "Downloads" folder on your computer.

4 After download is complete, **copy the file from your computer's "Downloads"** folder to your USB Flash Drive.

5 **Confirm file is on your USB Flash Drive** (Note: If the file is not on your USB Flash Drive, check your computer's "Downloads" folder).

6 Select **Vehicle Installation Instructions** at the bottom of the webpage to access directions on how to install the software update on your vehicle.

7 You can choose to either **print or email the instructions**. Follow all Vehicle Installation Instructions to install the update on your vehicle.
