ALWAYS INSPIRING.
NEVER IGNORED.

LS 460
- 380-hp (RWD), 4.6-liter V8 and an eight-speed automatic Electronically Controlled Transmission with intelligence (ECT-i), Dual-zone climate control with smog sensor, Drive Mode Select and Navigation System with 12.3-inch multimedia display. Available with RWD or AWD and short or long wheelbase.

LS 460 F SPORT
- Signature mesh grilles, genuine aluminum interior trim and 19-inch forged-alloy wheels by BBS. A limited-slip rear differential (RWD), high-performance Brembo® front brakes, sport-tuned and lowered Adaptive Variable Air Suspension and a paddle-shift transmission with downshift rev-matching (RWD). Available with RWD or AWD.

LS 600h L
INTRODUCING THE 2015 LEXUS LS
With a 386-hp (RWD) V8 engine, the LS is already an imposing figure. The F SPORT is even more impressive, both inside the vehicle and out. Inspired by the world-renowned Lexus LFA supercar, the LS F SPORT is aggressively styled to match its exhilarating performance. Rear-wheel drive models feature a limited-slip rear differential and downshift rev-matching to help you achieve an unparalleled experience behind the wheel.
The LS F SPORT goes above and beyond to deliver an intense driving experience. Bolstered front seats help keep you firmly planted throughout each and every breathtaking turn. Wrap your hands around the steering wheel and become one with such features as paddle shifters, a perforated leather grip and an available heater. And bold genuine aluminum trim accentuates the LS F SPORT’s aggressive nature.
The striking design of the LS is just one way it turns heads. In addition to offering an advanced system that is designed to detect if the driver is facing ahead with eyes open, it offers the world’s first reactive pedestrian detection system. With both radar and near-infrared technology, it can bring the vehicle to a complete stop—even at night—at speeds up to 24 mph.

Imagining how the visionary LS would see the world, artist Giles Revell created this photograph using radar technology similar to that found in the available Advanced Pre-Collision System (PCS).
**ADVANCED PRE-COLLISION**

The available Advanced Pre-Collision System (PCS) is engineered to detect an imminent frontal collision. Using near-infrared stereoscopic cameras and radar technology, it’s designed to detect three-dimensional objects in your path. In addition to retracting the front seatbelts, it has the ability to prepare the Brake Assist system to help provide increased braking pressure the moment you step on the brake pedal—and can even automatically apply the brakes to bring the LS to a complete stop at speeds up to 24 mph.

**LEXUS ENFORM APP SUITE**

With a spectacular 12.3-inch split-screen multimedia display, the available Lexus Enform and Safety Connect offer more than the convenience of live, 24-hour navigation assistance and emergency services at the press of a button. With the subscription-free App Suite, making dinner reservations and ordering movie tickets has never been easier. Using your voice, Siri® Eyes Free enables you to check e-mails, send text messages and more. Learn more at lexus.com/enform.

**VARIABLE DRIVING MODES**

Drive Mode Select’s Sport mode alters the powertrain by holding lower gears longer and providing more dynamic throttle response. The available Sport S+ mode pushes the suspension and steering systems to deliver enhanced handling response. Comfort mode provides a smoother ride. And if you choose ECO mode, the throttle response and climate-control system are moderated for enhanced fuel efficiency.

**CRAFTSMANSHIP**

Impeccable craftsmanship can be found in every corner of the LS, from the supple leather-trimmed interior to the vertical design of the LED foglamps. But perhaps the finest example is the stunning design of the available Shimamoku Espresso wood-trimmed steering wheel and matching interior accents, which combine the organic feel of natural wood with a layered appearance that evokes modern art. It takes 67 steps of craftsmanship and 38 days to create this remarkable look.

**MULTI-DIMENSIONAL AUDIO**

Engineers and technicians spent over 2,000 hours tuning the available 19-speaker, 450-watt Mark Levinson Reference Surround Sound Audio System so that the sound quality in the LS would rival the finest concert halls. And to audiophiles around the world, it will come as no surprise that the 7.1-channel architecture delivers multi-dimensional sound and musical clarity once reserved for top-of-the-line home-theater systems.

**CREATING THE MORE YOU LOOK IN, THE MORE IT STANDS OUT.**

**LEONIS ENFORM REMOTE**

The new available Lexus Enform Remote mobile app can remotely start the engine, lock and unlock doors, check the status of doors and windows as well as your fuel level, and can help find your vehicle’s location in a parking lot. And, should you loan your LS to another driver, you can receive instant alerts if, for example, a preset speed or mile limit is exceeded. Lexus Enform Remote is complimentary for the first year of ownership. Learn more at lexus.com/enform.

**LEONIS ENFORM APP SUITE**

With a spectacular 12.3-inch split-screen multimedia display, the available Lexus Enform and Safety Connect offer more than the convenience of live, 24-hour navigation assistance and emergency services at the press of a button. “A SMOOTH, CIVILIZED BEAST.”
— MAXIM (ON THE LS  F SPORT), OCTOBER 10, 2013
The already exceptionally spacious LS gives you even more space with a long wheelbase on the LS 460 L and LS 600h L. To make the most of this extra space, the LS offers an Executive-Class Seating Package. Both rear seats have power-reclining capability, and the right rear seat has a built-in ottoman-style legrest and an indulgent shiatsu massager. There’s even a retractable wood-trimmed console table that swivels into place at your convenience. * See page 22 for more information regarding options/packages.
The flagship of the Lexus brand, the LS 600h L, is infused with innovation. From launch, it was the world’s first prestige luxury and AWD V8 hybrid. With 438 total system horsepower and a 0-to-60 time of 5.6 seconds, the LS 600h pairs a powerful 5.0-liter V8 gasoline engine with cutting-edge Lexus Hybrid Drive technology. The result is a feeling of smooth, seamless power that you just can’t get in a conventional automobile.
A. Available Mark Levinson Reference Surround Sound Audio System
B. Remote Touch™ and Drive Mode Select
C. Available Rear-Seat Entertainment System (RSES) with 9.0-in screen and Blu-ray/DVD player
D. LS F SPORT Brembo® front brakes* and 19-inch forged alloy wheels*
by BBS
E. Flaxen leather interior trim with available Ultra Luxury Package
F. Power moonroof

G. LS F SPORT electroluminescent instrumentation
H. LED taillamps
I. Light Gray leather interior trim with available Executive-Class Seating Package
J. Available Shimamoku Espresso wood-trimmed steering wheel
K. Available power rear-door sunshades
L. Available rear bumper appliqué. For a complete list of Genuine Lexus Accessories, visit lexus.com/LS/accessories
To help provide you with even more command of the road, all-wheel drive (AWD) is available on every LS. The system distributes power to the wheels with the best grip, helping to improve traction, road feel and control while delivering greater command during acceleration and cornering.
**KEY STANDARD FEATURES**

- SmartAccess with push-button Start/Stop
- Dual-zone automatic climate control with interior air filter, composing sensor and automatic recirculation mode
- Scratch-resistant exterior doserate paint
- Navigation System with Remote Touch® device, 12.3-inch multimedia center console display with integrated backup camera
- Lexus Enform Destinations, Safety Connect and Remote app. Subscription required. One-year trial subscription included. Subscription free traffic and weather information
- Leather-trimmed interior
- Drive Mode Select
- Intuitive Parking Assist
- One-year trial subscription included. Subscription free traffic and weather information

**INDIVIDUAL OPTIONS**

- Blind Spot Monitor™ with Rear Cross-Traffic Alert® (standard on LS, LS F SPORT)
- Adaptive Variable Air Suspension with Variable Gear-Ratio Steering (VGRS), Comfort and Sport 3-stage drive models (standard on LS, LS F SPORT): Pre-Collision System® with all-speed Dynamic Radar Cruise Control™ (standard on LS, LS F SPORT)
- Driver Attention Monitor with closed-eye detection: Lane Keep Assist®: Low-Speed Collision Avoidance Assist®
- Active Pedestrian Detection System® with infrared and stereo-camera technology
- Driver Attention Monitor with closed-eye detection: Lane Keep Assist®: Low-Speed Collision Avoidance Assist®
- Intuitive Parking Assist
- One-year trial subscription included. Subscription free traffic and weather information

**PACKAGES**

- COMFORT PACKAGE (standard on LS LWB, LS LSh)
  - Front-seat Climate Concierge with climate-comfort front seats: Heated outboard rear seats (AWD w/3rd row)
  - Power rear view camera: Power trunk operation
- SEMI-ANILINE LEATHER AND ALCANTARA® UPGRADE PACKAGE (standard on LS, LS F SPORT)
  - Semi-aniline leather-trimmed interior: Alcantara headliner: Wood trim on rear ventilation outlets
- ULTRA LUXURY PACKAGE (standard on LSh)
  - Four-zone climate control, including rear overhead ducts and Air Purifier: Four-zone Climate Concierge with climate-comfort front and outboard rear seats.
  - Power rear view camera (standard on LS, LSh W/Air Suspension): Power rear-door sunshades
  - Power-adjustable outboard rear seats with memory; two-way power lumbar support; sunroof massage and outboard rear headrests: Wood-trimmed climate and audio controls in rear-center armrest: Power trunk operation (standard on LS, LSh)
  - Rear-seat cool box (including LSh): Rear seat-mounted side airbags (SRS)
- EXECUTIVE-CLASS SEATING PACKAGE (Available on LS LWB, LS LSh only)
  - Includes Semi-Aniline Leather and Alcantara Upgrade Packages: Four-zone climate control, including rear overhead ducts; Air Purifier and rear-facing passenger temperature sensor; four-zone Climate Concierge and climate-comfort rear seats (included on LSh): Power-adjustable rear seats with memory and two-way power lumbar support; power-adjustable outboard rear butterfly headrests (available on LSh)
  - Right-seat power recliner with ottoman™ and multifunction shiatsu massage: Wood- and leather-trimmed rear-center console with climate and audio controls, and retractable wood-trimmed table: Rear-seat cool box (including LSh): Rear power and rear-seat sunshades (available on LSh): Rear-Seat Entertainment System (RSES) with Blu-ray/DVD player, 9.0-inch screen and wireless headphones
  - Leather-trimmed instrument panel and glovebox door (standard on LS, LSh): Rear seat-mounted side airbags (SRS) (standard on LS, LSh)
- Active Pedestrian Detection System® with infrared and stereo-camera technology
- Driver Attention Monitors with closed-eye detection: Lane Keep Assist®: Low-Speed Collision Avoidance Assist®
- ALL-WEATHER PACKAGE (standard on LS LWB, LS LSh)
  - Windshield-wiper deicer and headlamp washers: Enhanced interior heater for faster heat output in cold weather: Higher-capacity battery
- LS F SPORT (Includes 18-inch split-five-spoke alloy wheels) + Four-zone climate control, including rear overhead ducts; Air Purifier and rear-facing passenger temperature sensor; four-zone Climate Concierge and climate-comfort rear seats (included on LSh): Power-adjustable rear seats with memory and two-way power lumbar support; power-adjustable outboard rear butterfly headrests (available on LSh)
  - Right-seat power recliner with ottoman™ and multifunction shiatsu massage: Wood- and leather-trimmed rear-center console with climate and audio controls, and retractable wood-trimmed table: Rear-seat cool box (including LSh): Rear power and rear-seat sunshades (available on LSh): Rear-Seat Entertainment System (RSES) with Blu-ray/DVD player, 9.0-inch screen and wireless headphones

**WHEELS**

- 18-in split-five-spoke alloy wheels: Standard LS
- 19-in split-seven-spoke alloy wheels: Standard LS
- 19-in split-10-spoke forged alloy wheels: Available LSh
- 19-in split-7-spoke alloy wheels: Available LSh
- 19-in 15-spoke alloy wheels: Available LSh

* F-Sport only
† Requires Semi-Aniline Leather and Alcantara Upgrade Package or Executive-Class Seating Package (LS)
WARRANTY
Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. Eight-year/100,000-mile Hybrid System Warranty. All warranties are zero deductible. See the LS Warranty and Services Guide at your Lexus dealer for details.

DISCLOSURES
1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 2. 18- and 19-inch performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 15,000 miles, depending upon driving conditions. 3. High-friction brakes require periodic inspection and measurement as outlined in the Warranty and Services Guide. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. 4. FSPORT models may feature Brembo® brakes. It is an inherent characteristic of materials and design of brake pads used in this high-performance brake system that brake noise/squeal may result. 5. Mark Levinson® is a registered trademark of Harman International Industries, Inc. 6. Advanced Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. Driver Attention Monitor is designed to alert the driver if a potential hazard is detected ahead and the driver’s eyes appear to be turned away. The Active Pedestrian Detection System is designed to help reduce the impact speed and damage in certain frontal collisions only. They are not collision-avoidance systems and are not substitutes for safe and attentive driving. System effectiveness depends on many factors. See Owner’s Manual for details. 6. Use only if aware of circumstances surrounding the vehicle, and it is legal & safe to do so (e.g., car uncovered in open area, no people or pets in or nearby). If vehicle has not been driven for over a week, services will not be available until next time vehicle is started. Functionality depends on many factors, such as vehicle and smartphone connectivity. See usage precautions, service limitations & Owner’s Manual. 7. Data charges may apply. Registration, app download are required. Must have active Safety Connect subscription. Annual fee required after 1-year trial. 8. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See lexus.com/form for details. 9. Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. See lexus.com for details. 10. Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available in Data only on iPhone® 4S, iPhone® 5, iPad® with Retina® display, iPad® mini, & iPad® touch, 5th gen. & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Data charges may apply. See Apple.com & phone carrier for details. 11. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake system maintenance, tire and road conditions. 12. Rear-seat legrest may not fully raise based on height of rear-seat passenger. Do not allow passengers to sit in a seat that has been fully or severely reclined while driving. This feature is intended for use only when the vehicle is parked. While the vehicle is being driven, all vehicle occupants should have the seatback upright, sit well back in the seat and properly wear the seatbelts provided. In the event of a collision, the more the seat is reclined, the greater the risk of death or personal injury. See Owner’s Manual for additional information. 13. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. See Owner’s Manual for further information. 14. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org. 15. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather may limit effectiveness and view may become cloudy. 16. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. 17. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. 18. Mazda 6 and RX-8, both powered by a 6-speed manual transmission: 14-18 miles per gallon city/20-23 miles per gallon highway. 19. Model 280, 350, and 460: 14-19 miles per gallon city/20-23 miles per gallon highway. 20. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. 21. High-friction brakes require periodic inspection and measurement as outlined in the Warranty and Services Guide. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. 22. 18- and 19-inch performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 15,000 miles, depending upon driving conditions. 23. High-friction brakes require periodic inspection and measurement as outlined in the Warranty and Services Guide. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. 24. FSPORT models may feature Brembo® brakes. 25. Autonomous High-beam System can operate at speeds above 21 mph. situations such as dirty windshield, variable weather, lighting conditions and hill/terrain/wind/blind effectiveness, requiring the driver to manually turn off. See Owner’s Manual for details. 26. Hardwires are for passenger use only. Do not use while operating vehicle. 27. Lane Keep Assist is designed to help the driver remain within the lane. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. See Owner’s Manual for further information. 28. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. 29. High-friction brakes require periodic inspection and measurement as outlined in the Warranty and Services Guide. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. 30. Always drive safely, obey traffic laws & focus on the road while driving. See Owner's Manual for further information. 31. Always drive safely, obey traffic laws & focus on the road while driving. See Owner’s Manual for further information. 32. Always drive safely, obey traffic laws & focus on the road while driving. See Owner’s Manual for further information.
