Dynamic craftsmanship.

Precision-engineered performance.

Class-leading safety technology.¹

Experience the crossover in its most visionary form.

The 2020 Lexus NX
The NX 300 can be further enhanced with more aggressive styling and performance upgrades, including a more dynamic F SPORT–tuned suspension.

NX shown in Atomic Silver (left), NX F SPORT shown in Ultra White (center), NX shown in Nebula Gray Pearl (right)

The 2020 NX

NX 300
Razor-sharp styling conceals a 2.0-liter turbocharged in-line four-cylinder engine delivering 235 horsepower. Every NX model features Amazon Alexa compatibility as well as new class-leading standard Lexus Safety System+ 2.0. And added iPhone® functionality via Apple CarPlay™ integration. Available AWD.

NX 300 F SPORT
The NX 300 can be further enhanced with more aggressive styling and performance upgrades, including a more dynamic F SPORT–tuned suspension.

NX 300h AWD
Behind its cutting-edge style, the NX 300h pairs a potent 2.5-liter engine with powerful electric motors for instantaneous torque and a class-leading 31-MPG combined estimate. Standard AWD.

NX shown in Atomic Silver (left), NX F SPORT shown in Ultra White (center), NX shown in Nebula Gray Pearl (right)
With new class-leading standard Lexus Safety System+ 2.0, including features such as advanced pedestrian detection technology, Lane Departure Alert with Steering Assist, and Lane Tracing Assist, the NX changes the conversation about what a luxury crossover can be.
NX F SPORT shown with Black NuLuxe™ and Metallic Sport interior trim.
Inspired by the facets of a cut gemstone, LED taillamps are just one of many eye-opening details that set the NX apart. Available Premium Triple-Beam LED headlamps and dramatically styled front and rear fascias further punctuate its low, wide stance. From the sharp contours of its exterior styling to the available expansive moonroof, every aspect pushes the conventional to the leading edge.

CUTTING-EDGE DESIGN

Multifaceted LED illumination puts scintillating design in razor-sharp focus.
STRETCHING THE LIMITS OF VERSATILITY

Lexus-first innovations and class-leading features push comfort and convenience even further.

Versatility goes beyond boundaries with the 2020 NX. It offers a Power Rear Door with Kick Sensor™ that raises and lowers with a simple wave of your foot beneath the concealed sensor. Inside, available heated and ventilated front seats provide customized comfort, while available class-leading power-folding and -reclining rear seats take amenities to another level.

60/40 split power fold-flat rear seats
UNCOMPROMISING PERFORMANCE

From the high performance and fuel efficiency of its hybrid to the available adaptive suspension on its F SPORT, the NX is exhilaration, evolved.

From the powerful NX 300 to higher-performance F SPORT models, this is a visceral driving experience, delivered. With a dynamic suspension and an available adaptive F SPORT suspension inspired by the LC, this is the most responsive NX yet.
MORE EFFICIENCY. MORE RESPONSE. MORE NX, PERIOD.

With two sources of power and innovative all-wheel drive, the NX Hybrid gives even more to the driver while taking less from the world.

NX 300h
Welcome to the next level of NX. Pairing a potent 2.5-liter engine with powerful electric motors, the NX Hybrid delivers immediate torque and smooth, seamless acceleration off the line. And, with its class-leading 31-MPG combined estimate, you won’t just enjoy a smoother and quieter ride, you’ll enjoy it over many more miles on a single tank of gas. All without requiring a charge. Featuring an all-wheel drive system so innovative that it’s designed to adapt to the angle or condition of the road, as well as an exclusive damping control system, it offers performance as captivating as its style.
**PERFORMANCE**

NX F SPORT shown in Atomic Silver

**ALL-WHEEL DRIVE**

Go beyond limitations with available all-wheel drive. AWD predicts your path, monitoring the vehicle and your input. On the NX and NX F SPORT, if wheelspin is detected, it can deliver up to 50% of available torque to the rear wheels. On the NX Hybrid, the electronic AWD system is so innovative, it can even adapt to the angle or condition of the road.

Torque split up to **50/50**

**TURBOCHARGED POWER**

The surge of the 235-horsepower engine in the NX and NX F SPORT doesn’t let up—thanks to the Lexus engineers who spent years researching, developing and refining a turbocharger with advanced twin-scroll technology. The powerplant itself seamlessly moves between conventional and Atkinson cycles, for quick acceleration with greater efficiency.
A bold front fascia sets the distinctive NX F SPORT even further apart. The 18-inch, split-five-spoke alloy wheels and black exterior mirrors punctuate its sleek stance, while its suspension was specially tuned to make this the most responsive NX yet.

**ADAPTIVE VARIABLE SUSPENSION**

Available AVS allows the driver to harness the engine’s power and communicate with the pavement like never before. Based on the state-of-the-art technology in the Lexus LC, this system features 650 levels of damping that can automatically adapt to changing conditions, for enhanced response based on the selected drive mode.

**F SPORT PERFORMANCE**

For those with an even greater passion for performance, the NX F SPORT offers head-turning styling and technology that puts the F SPORT stamp on its thrilling driving experience.
F SPORT STYLING

The NX F SPORT doesn’t just look the part—it feels it. From its aggressive exterior styling to deeply bolstered front sport seats that hug you through the turns, this luxury crossover brings exhilaration to every drive. Circuit Red NuLuxe® and new Arctic White NuLuxe interior trims boldly reflect its performance roots. And impeccable contrast stitching completes the experience of pure invigoration for all the senses.

BOLSTERED SPORT SEATS
Feel confidence through every curve with the F SPORT front sport seats. Featuring a unique foam-injected construction and designed to contour to the needs of the driver, these enhanced bolstered sport seats cradle you from hip to shoulder for a more dynamic driving experience.

DRIVER’S COCKPIT
F SPORT performance is deeply ingrained in the driver’s experience, with quick-shifting paddle shifters, exclusive G-force and turbo-boost gauges, and an exclusive perforated leather-trimmed shift knob and heated steering wheel. Additional signature touches in the F SPORT include rubber-studded aluminum pedals and Metallic Sport interior trim.
The highly advanced NX is not only designed to make a statement, with Amazon Alexa® compatibility, it’s also designed to make driving even more convenient. A high-resolution multimedia display provides access to your favorite iPhone® apps via Apple CarPlay® integration, and enables you to control audio, climate and other systems, including the available voice-activated Navigation System. On the NX F SPORT, G-force and turbo-boost displays ensure performance information is front and center.

Experience an array of innovations—from class-leading standard active safety equipment¹⁴ to Apple CarPlay® integration.
LANE DEPARTURE ALERT WITH STEERING ASSIST
This system utilizes a camera to monitor visible lane markings. If an inadvertent lane departure is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

ROAD SIGN ASSIST
This system uses a built-in camera to help provide road sign information in the instrument panel. In addition to displaying speed limit information, the system can alert you of Do Not Enter, Yield, and Stop signs you otherwise might have missed.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL
This system uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS
To help provide greater visibility for you as well as other drivers, Intelligent High Beams offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.
NAVIGATION SYSTEMS
The available 10.3-inch high-resolution split-screen multimedia display provides immediate, simultaneous access to audio and climate controls and various systems, including Lexus Enform Dynamic Navigation.20 On vehicles with the standard multimedia display, Scout® GPS Link20 includes 3D functionality and interactive moving maps. With subscription-free Traffic and Weather updates,28 getting to your destination is easier than ever.

MARK LEVINSON® AUDIO
The new available 14-speaker, 835-watt Mark Levinson® Premium Surround Sound Audio System features patented, proprietary Clari-Fi® technology that restores audio quality from compressed music, resulting in crisp, clear, dynamic sound from almost any source. This, combined with technology designed to create an expansive “sweet spot” of audio, envelops every passenger in three-dimensional sound that rivals the finest home audio systems.

INTUITIVE PARKING ASSIST
Using sensors in the front and rear bumpers, available Intuitive Parking Assist31 cues the driver with audible tones and an indicator on the multimedia display. Notifications indicate a detected object’s location and proximity, which is especially helpful for routine tasks like parallel parking. If contact with an obstacle is imminent, the system can also bring the vehicle to a complete stop, under certain circumstances.

LEXUS ENFORM
Lexus Enform® elevates connected technology and provides concierge-level convenience. From emergency assistance and onboard Wi-Fi®, to the ability to start your engine remotely7 using your smartphone, smartwatch, the Lexus skill on Amazon Alexa® built-in devices, or the Lexus action on Google Assistant™-enabled devices, our premium suite of connected technology offers peace of mind with every drive.

AMAZON ALEXA
Bring all the convenience of Amazon Alexa® on the road with the Lexus® Alexa® app. Using only your voice, you can easily access thousands of the same skills you get with Alexa at home. Listen to audiobooks, stream Amazon Music, make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa even syncs to your Navigation System15 to provide on-the-go recommendations.

APPLE CARPLAY®
With Apple CarPlay® integration, you can access the same familiar interface from your iPhone® through the vehicle’s multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri® and get access to your favorite apps like Waze, Spotify® and Apple Audiobooks™.

DELIVERY AND TECHNOLOGY SPECIALISTS
To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime®. Learn more about these services at lexus.com/specialists.
