Striking style.
Dynamic performance.
Next-generation technology.

Experience an unrestrained luxury sports coupe, crafted to stand apart.

The 2020 Lexus RC
The 2020 RC

**RC 350**
Athletic performance with a highly rigid body and lateral performance damper (RWD), a powerful 311-horsepower 3.5-liter V6, a 5.8-second 0–60 time (RWD), and an eight-speed Sport Direct-Shift (RWD) or six-speed (AWD) transmission with paddle shifters. Available rear-wheel drive or all-wheel drive.

**RC 300 AWD**
Assertive styling with full-time all-wheel drive (AWD), a powerful 260-horsepower 3.5-liter V6 engine, a 6.3-second 0–60 time, and a six-speed transmission with paddle shifters.

**RC F SPORT MODELS**
Each model can be taken to the next level with more aggressive styling, plus a more dynamic F SPORT-tuned Adaptive Variable Suspension and an exclusively available Torsen® limited-slip rear differential (RWD). Additional upgrades include front sport seats with enhanced bolsters, performance-inspired instrumentation and 19-inch alloy wheels.

**RC 300**
An aggressive body style, a highly responsive 2.0-liter turbocharged engine delivering 241 horsepower, a 7.3-second 0–60 time and an eight-speed Sport Direct-Shift transmission. For added connectivity, every RC model also features Android Auto™ functionality.

Rear-wheel drive (RWD).

RC F SPORT shown in Infrared (left), RC shown in Atomic Silver (right).
With its muscular form and aggressive stance, the RC seamlessly balances eye-catching style with breathtaking performance. In front, a bold fascia and available Premium Triple-Beam LED headlamps announce its arrival. While strong character lines sweep toward its dramatic rear valance and LED taillamps, creating a captivating appearance from every angle.

**STYLE SHARPENED**

With its sleek, sculpted lines, this unrestrained sports coupe commands attention at every turn.

RC shown in Infrared®
PRECISE IN EVERY DETAIL

From meticulous stitching to distinctive wood trims, the RC delivers an ideal combination of performance and luxury.

While every bit a performance cockpit, the interior of the RC envelops the driver and passengers in stunning craftsmanship. Available perforated trim epitomizes evocative style and sophistication, while Linear Espresso and Linear Dark Mocha wood accents offer unparalleled artistry. An analog clock and expressive gauges give the elegant cabin an extra level of refinement. Individual settings for climate control allow the driver and front passenger to adjust their preferred temperatures. And, to ensure the cabin stays as fresh as it is beautiful, a smog-sensing system automatically switches into recirculation mode if it senses high levels of pollutants outside.
EXHILARATION INTENSIFIED

With impressive throttle response and acceleration, the RC turns every drive into a thrill ride.
The RC 300 is powered by a highly responsive 2.0-liter, twin-scroll turbocharged and intercooled in-line four-cylinder engine with direct injection. The surge of power in the 241-horsepower RC 300 doesn’t let up—thanks to the Lexus engineers who spent years researching, developing and refining its turbocharger. Generating 258 lb-ft of torque from 1,650 to 4,400 rpm, the engine is paired to a rear-wheel drive system and an eight-speed Sport Direct-Shift automatic transmission, and is easy on fuel consumption, with a 30-MPG highway EPA estimate.8

The RC 300 AWD pairs a six-speed automatic transmission with a 260-horsepower 3.5-liter V6. Featuring Variable Valve Timing with intelligence, the engine is designed to provide added torque at lower speeds and greater horsepower at higher speeds. These refinements combine to generate 236 lb-ft of torque from 2,000 to 4,800 rpm.

Boasting direct and port fuel injection and an awe-inspiring sound reminiscent of the LFA supercar, the 311-horsepower 3.5-liter V6 generates 280 lb-ft of torque at 4,800 rpm and propels the RC 350 from 0 to 60 in 5.8 seconds (RWD)1,2 and 6.0 seconds (AWD).1,2 The all-wheel drive RC 350 features a six-speed automatic transmission, while the rear-wheel drive model is equipped with an eight-speed Sport Direct-Shift transmission. And in the rear-wheel drive F SPORT, an available Torセン® limited-slip rear differential helps maximize your ability to power out of corners.

Make the most of every commute with the enhanced control delivered by the all-wheel drive system on equipped models. By monitoring current conditions, the rear-biased system automatically distributes engine power from 30/70 to up to 50/50 between the front and rear axles to help provide optimum traction—even in inclement weather or on less-than-ideal road surfaces.
F SPORT PERFORMANCE

With circuit-inspired components, 19-inch wheels and a thrilling Custom drive mode, F SPORT models take performance to the next level.

The RC F SPORT is an unflinching take on performance. It features race-inspired upgrades like a G-force monitor, as well as Sport S+ and Custom drive modes. And the rear-wheel drive RC’s available Torsen® limited-slip rear differential distributes engine power to the rear wheel with the most grip to help optimize traction, handling and control in a variety of conditions.

DYNAMIC REAR STEERING

Available Lexus Dynamic Handling coordinates steering at the front and rear of the vehicle and elevates the RC 350 F SPORT (RWD) to new heights. Variable Gear-Ratio Steering optimizes the front steering ratio to sharpen vehicle handling and control. And class-exclusive Dynamic Rear Steering® adjusts the angle of the rear wheels by up to two degrees to help provide optimal agility and stability. The system makes calculations based on vehicle speed and driver input, and is designed to deliver what you desire: performance on demand.
F SPORT STYLING

Beyond the striking lines of the coupe body, the interior of the RC F SPORT is a sleek, inspiring command center. Feel confidence at every curve with exclusive front sport seats, designed to hold you tightly through aggressive turns. Featuring a unique foam-injected construction and designed to contour to the needs of the driver, these enhanced seats will have you wrapped from hip to shoulder—especially in high-G situations. Their low position helps place the driver’s hip point as close as possible to the vehicle’s center of gravity for a more dynamic driving experience.

PERFORMANCE-INSPIRED INSTRUMENTATION

The instrument cluster in the RC F SPORT features numerous upgrades, such as a G-force monitor and a digital display that moves in concert with a sliding metallic-trimmed bezel, expanding and retracting screens when information is accessed.

EXCLUSIVE DETAILS

Other race-inspired features include an F SPORT–badged steering wheel, a perforated leather–trimmed shift knob, aluminum sport pedals, Dark Gray Streamline accents and three exclusive interior trim options, including two-tone Black and Yellow NuLuxe® with unique stitching.

RC F SPORT shown with Circuit Red NuLuxe® and Dark Gray Streamline interior trim.
CONTROL REMASTERED

New Android Auto functionality. Amazon Alexa compatibility. With the latest innovations at your fingertips, the 2020 RC connects you like never before.

Lexus connected technologies offer a whole new realm of possibilities, starting with onboard Wi-Fi™ Apple CarPlay® integration, and new Android Auto™ functionality that features the unique capability to anticipate and provide personalized information. Meanwhile, you can start your engine remotely™ with your smartwatch, or start your favorite podcast in your kitchen and finish it on your drive to work with Amazon Alexa™ compatibility. And for added convenience, an available 10.3-inch multimedia display provides access to audio and climate controls, as well as the Navigation System.™
INNOVATION
AT THE LEADING EDGE

With Amazon Alexa and more at your fingertips, technology has never moved so fast.

APPLE CARPLAY
With Apple CarPlay® integration, you can access the same familiar interface from your iPhone® through the vehicle’s multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri®, and get access to your favorite apps like Waze, Spotify® and Apple Audiobooks™.

AMAZON ALEXA
Bring all the convenience of Amazon Alexa® on the road with the Lexus+Alexa® app. Using only your voice, you can easily access thousands of the same functions you get with Alexa at home. Listen to audiobooks, stream Amazon Music®, make calls, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa can even sync to your Navigation System® or provide on-the-go directions via the Waze® app on compatible devices.

MARK LEVINSON® AUDIO
The available 17-speaker, 835-watt Mark Levinson® Premium Surround Sound Audio System features patented, proprietary Clari-Fi® technology that restores audio quality from compressed music, resulting in crisp, clear, dynamic sound from almost any source. This, combined with technology designed to create an expansive “sweet spot” of audio, envelops every passenger in three-dimensional sound that rivals the finest home audio systems.

DRIVE MODE SELECT WITH CUSTOM MODE
Make your vehicle more responsive or efficient with the turn of a dial. Sport mode alters the powertrain for faster and more dynamic throttle response. Normal mode provides an optimal balance of fuel efficiency and engine performance. ECO mode moderates the throttle response, engine power and climate settings for increased fuel efficiency. On F SPORT models, Sport S+ mode provides the most performance-oriented setting, and the addition of a Custom mode lets you combine driving profiles for personalized response.

10.3-INCH MULTIMEDIA DISPLAY
The available 10.3-inch high-resolution split-screen multimedia display provides immediate, simultaneous access to audio and climate controls and various systems, including Lexus Enform Dynamic Navigation™.

ANDROID AUTO
With Android Auto™, you can now seamlessly cast your device’s interface onto the vehicle’s multimedia display. Play your music via your favorite apps such as Spotify®, and Pandora®, send messages through a range of commonly used apps like WhatsApp®, navigate with Google Maps™, and request information—all with just the sound of your voice—through the Google Assistant™. For added convenience, Android Auto can also deliver tailored information based on your calendar, usage activity and habits.

DELIVERY AND TECHNOLOGY SPECIALISTS
To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like Facetime™. Learn more about these services at lexus.com/specialists.
LEXUS ENFORM

From onboard Wi-Fi to concierge access, this is our most sophisticated connectivity suite yet.

DYNAMIC NAVIGATION
To help you get even more out of the available Navigation System, Lexus Enform Dynamic Navigation offers greater accuracy through cloud-based updates. In addition to up-to-date maps, it can dynamically offer alternate routes based on conditions ahead, and can automatically sort Points of Interest results based on relevance. Dynamic Navigation is included for the first three years of ownership.

REMOTE
Using your smartphone, smartwatch, the Lexus skill on Amazon Alexa or built-in devices, Lexus Enform Remote can let you start the engine and climate control, lock and unlock doors, and check the fuel level, the status of windows and more. You can also use the Lexus app to help find your vehicle’s location. And, should you loan your Lexus to another driver, you can receive instant alerts if, for example, a preset speed or mile limit is exceeded. Lexus Enform Remote is included for the first three years of ownership.

WI-FI
Take entertainment to go with onboard Wi-Fi. Up to five devices can connect—tablets, laptops, smartphones—dramatically extending tech capability for you and your passengers. Lexus Enform Wi-Fi includes a standard 4GB/three-month trial.

SERVICE CONNECT
Lexus Enform Service Connect offers remote access to information about your vehicle’s status and maintenance needs. Easily accessed through LexusDrivers.com or the Lexus app, you can get information on everything from your vehicle’s fuel level and mileages, to maintenance alerts and Vehicle Health Reports. Service Connect is included for the first 10 years of ownership.

DESTINATION ASSIST
The available Lexus Enform Destination Assist offers convenient 24-hour access to a live response center agent to help you locate a specific business, address or point of interest. If you’re searching for a restaurant, the agent can help you narrow your choices by distance or type of cuisine, and can remotely send the destination to your vehicle’s Navigation System. Destination Assist is included for the first three years of ownership.

SAFETY CONNECT
Lexus Enform Safety Connect offers you the peace of mind of knowing that Roadside Assistance can be there when you need it most. Whether you’re involved in a collision and unable to call for help, your vehicle is stolen, or there is any other type of emergency, assistance can be sent directly to your vehicle’s GPS location. Safety Connect is included for the first three years of ownership.
**PEACE OF MIND, STANDARD**

Presenting Lexus Safety System+; an integrated suite of class-leading standard active safety equipment.²⁵

---

**PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION**

This system²² is engineered to help detect a vehicle or a pedestrian in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it’s designed to automatically prepare Brake Assist²⁹ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

---

**LANE DEPARTURE ALERT WITH STEERING ASSIST**

This system²³ utilizes a camera to monitor visible lane markings. If an inadvertent lane departure is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

---

**HIGH-SPEED DYNAMIC RADAR CRUISE CONTROL**

This system²⁴ utilizes radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. If you get closer than the preset distance, the throttle is automatically reduced and the brakes may be applied. As soon as the road ahead clears, your Lexus returns to its preset speed.

---

**INTELLIGENT HIGH BEAMS**

To help provide greater visibility for you as well as other drivers, Intelligent High Beams³² offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.
RC STYLES

RC 300
Standard features:
- 241-horsepower turbo with eight-speed transmission
- Drive Mode Select
- Lateral performance damper (RWD)
- Steering-wheel-mounted paddle shifters
- Vehicle Dynamics Integrated Management
- Lexus Multimedia System with 70-in color display
- Lexus Enform Wi-Fi 4GB/three-month trial is included.
- Lexus Enform Safety Connect included for the first three years of ownership.
- Bluetooth and USB smartphone connectivity
- Voice Command
- Apple CarPlay integration
- Amazon Alexa compatibility
- Android Auto
- Lexus app (Lexus Enform Remote, Lexus Drivers and more)
- Color multi-information display
- 10-speaker Premium Sound System
- Dual-zone climate control with interior air filter, smog sensor and automatic recirculation mode
- 10-way power-adjustable driver’s seat (including lumbar)
- Eight-way power-adjustable front passenger’s seat and 60/40-split fold-down rear seats
- SmartAccess
- Lexus Safety System+ (Pre-Collision System with Pedestrian Detection, Lane Departure Alert with Steering Assist, High-Speed Dynamic Radar Cruise Control and Intelligent High Beams)
- Bi-LED headlamps and LED taillamps
- Backup camera
- Eight standard airbags

RC 300 AWD
Includes RC 300 features, and adds or replaces:
- 260-horsepower V6 with six-speed transmission
- Heated front seats
- All-wheel drive

RC 300 F SPORT
Includes RC 300 features and Premium Package, and adds or replaces:
- F SPORT-tuned Adaptive Variable Suspension with Sport 5+ and Custom drive modes
- Two-piece front brake rotors with high-friction brake pads (RWD)
- F SPORT 19-in split-five spoke alloy wheels with Dark Graphite finish and summer tires
- F SPORT heated and ventilated front seats with enhanced bolsters
- F SPORT interior details including Dark Gray Streamline trim, aluminum pedals and black headliner
- Perfomated leather–trimmed shift knob and steering wheel with F SPORT logo
- F SPORT exterior styling including unique front bumper and grille
- Performance-inspired instrumentation with sliding bezel
- Turbo-boost gauge

RC 350
Includes RC 300 features, and adds or replaces:
- 311-horsepower V6 with eight-speed transmission
- Cool air intake

RC 350 F SPORT
Includes RC 300 F SPORT features, and adds or replaces:
- 311-horsepower V6 with eight-speed transmission
- Cool air intake

RC 300 AWD F SPORT
Includes RC 300 F SPORT features, and adds or replaces:
- 260-horsepower V6 with six-speed transmission
- F SPORT 19-in split-five spoke alloy wheels with Dark Graphite finish and all-season tires
- All-wheel drive
PACKAGES

PREMIUM PACKAGE
- Lexus Memory System for driver’s seat, outside mirrors and steering column
- Blind Spot Monitor\textsuperscript{42} with Rear Cross-Traffic Alert\textsuperscript{43}
- Auto-dimming heated outside mirrors with auto tilt-down in reverse
- Power tilt-and-telescopic steering column
- Rain-sensing windshield wipers
- Heated and ventilated front seats

NAVIGATION PACKAGE
- Navigation System\textsuperscript{13} with 10.3-in color multimedia display
- Dynamic Voice Command\textsuperscript{20}
- Lexus Enform Destination Assist\textsuperscript{25} Included for the first three years of ownership.

NAVIGATION + MARK LEVINSON\textsuperscript{®} AUDIO PACKAGE
- Includes Navigation Package, plus:
  - Mark Levinson\textsuperscript{21} 17-speaker, 835-watt, 7.1-channel Premium Surround Sound Audio System with Clari-Fi\textsuperscript{®} audio processing

ALL-WEATHER PACKAGE
- Headlamp washers
- Water-repellent front-door glass
- Windshield wiper de-icer
- Fast-response interior heater

OPTIONS

B Blind Spot Monitor\textsuperscript{42} with Rear Cross-Traffic Alert\textsuperscript{43}
- Intuitive Parking Assist\textsuperscript{44}

**INTERIOR & TRIM**

**COLOR, MATERIAL & FINISH**

This Lexus accessory line is an expertly crafted as per meticulously designed Lexus vehicles. And yours are the only Lexus accessories that are warranted for up to 48 months/50,000 miles, and owners who choose to purchase and install these accessories. For more information, please visit lexus.com/accessories.

**ACCESSORIES**

- **A** Alloy wheel locks
- **B** All-weather floor lenses
- **C** Cargo net
- **D** Door edge guards
- **E** F SPORT ACCESSORIES
- **F** Lowering springs
- **G** Key gloves with Lexus logo

**DISCLOSURES**

- The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner’s Manual for more information.
- The Blind Spot Monitor is a supplemental aid designed to assist the driver in detecting objects in the blind spot area. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback.
- Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. Always focus on the road while driving. Siri is available on select iPhone/iPad models and requires Internet access. Siri is not available in all languages or all areas and features vary by area. Some Siri functionality and commands are not accessible in the vehicle. See Apple.com and phone carrier for details. Data charges may apply. Siri is a registered trademark of Apple Inc.
- Manufacturer’s warranty and Roadside Assistance coverage are for 48 months from your vehicle’s in-service date, regardless of mileage. Coverage is subject to printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. For safety reasons, always use genuine accessories. Improper installation may cause injury or system failure. Do not install a floor liner on top of an existing floor liner. This floor and both begin on the original date of purchase or lease of a new vehicle. After the trial periods expire, enrollment in paid subscription is required to access the services. Safety and Service Connect services depend on cloud computing and on the accuracy of the navigation maps, data and GPS satellite signal reception, and other factors outside of Lexus’ control, which can limit system functionality or availability. Use common sense when relying on information provided. To learn more about Lexus Enform’s data collection, use, sharing and retention practices, please visit https://www.lexus.com/privacyvts/.
WHEN EVERY DETAIL, EVERY MOMENT AND EVERY EMOTION IS CRAFTED BY LEXUS, IT LEADS TO THIS.
