**Lexus Personalized Settings**

Your vehicle includes a variety of electronic features that can be programmed to your preferences. Programming of these features is performed once at no charge by your Lexus Dealer provided you obtain the service at the 6-month/5,000-mile scheduled maintenance service.

It is also possible to customize certain vehicle features yourself using the navigation system screen.

### Vehicles with Navigation System:

![Navigation System Screen]

**STEP 1** Press the **MENU** button.

**STEP 2** Highlight using the Remote Touch, then push knob to select.

**STEP 3** Scroll to Page 2. Highlight then push knob to select.

**STEP 4** Highlight **Vehicle Customization** then push knob to select.

**STEP 5** Select category and scroll to specific customization setting.

---

**Vehicle must be in “ON” mode to program personalized settings.**

Please refer to the 2017 RX 450h Quick Guide or Navigation Owner’s Manual for more information on Remote Touch operations.

### Door Lock Settings

1. **Automatic Door Lock**
   - The automatic door locks can be programmed as follows:
     - ☐ The doors automatically lock when the vehicle speed is 12 mph or higher = By speed
     - ☐ The doors automatically lock when the vehicle is taken out of Park and shifted into another range (Standard) = By shift from P
     - ☐ The doors will not automatically lock = Off

2. **Automatic Door Unlock**
   - The automatic door locks can be programmed as follows:
     - ☐ The doors automatically unlock when the vehicle is shifted into Park (Standard) = By shift to P
     - ☐ All the doors automatically unlock when the driver door is opened = By driver door
     - ☐ The doors will not automatically unlock = Off

3. **Remote 2-Press Unlock**
   - When using the electronic key to unlock the doors:
     - ☐ Pressing the unlock button one time unlocks the driver’s door and two times unlocks all doors (Standard) = On
     - ☐ Pressing the unlock button one time unlocks all doors = Off

4. **Wireless Lock When Door Opened**
   - Pressing lock button on electronic key will lock doors when they are open:
     - ☐ Off
     - ☐ On (Standard)

---

**LPS options were correct at time of development. All options are subject to change without prior notice.**
Door Lock Settings (cont’d)

5. Select Doors to Unlock
